Contract Specifications

The last trading day for the RBOB Gasoline/Brent crack spread is determined by when the expiry date is for Brent crude futures.

For Brent Crude Futures:

Contract Months up to and including February 2016:

Trading shall cease at the end of the designated settlement period on the Business Day (a trading day which is not a public holiday in England and Wales) immediately preceding either:

- (i) the 15th calendar day before the first calendar day of the contract month, if such 15th calendar day is a Business Day; or,
- (ii) if such 15th calendar day is not a Business Day, the next preceding Business Day.

Contract Months from March 2016:

Trading shall cease at the end of the designated settlement period on the last Business Day of the second month preceding the relevant contract month (e.g. the March contract month will expire on the last Business Day of January).

If the day on which trading is due to cease would be either: (i) the Business Day preceding Christmas Day, or (ii) the Business Day preceding New Year's Day, then trading shall cease on the next preceding Business Day

ICE RBOB Gasoline Futures expiry: Trading Shall cease at the end of the designated settlement period on the penultimate US business day of the month preceding the delivery month where US business day is a day on which NYMEX is opened for business.

Contract Specifications

Trading the ICE RBOB Gasoline Crack Spread will result in two separate positions in the underlying futures markets for Brent Futures and ICE RBOB Gasoline. The settlement of each leg will be the respective settlement prices for both the Brent Futures and ICE RBOB Gasoline Futures contracts as made public by ICE Futures Europe. Upon expiry of the Brent futures leg, holders of the ICE RBOB Gasoline crack spread trade will then be left with a long or short position in the ICE RBOB Gasoline Futures market which will be settled on expiry of the relevant underlying RBOB Gasoline contract

ICE RBOB Gasoline Futures settlement: The contract is cash settled against the prevailing market price for RBOB Gasoline in New York Harbour. The cash settlement price in US Dollars and cents per US gallon is equal to the settlement price on the penultimate day of trading of the NYMEX New York Harbour Gasoline Blendstock (RBOB) Futures contract.

ICE RBOB Gasoline futures expiry: Trading shall cease at the end of the designated settlement period on the penultimate US business day of the month preceding the delivery month where US business day is a day on which NYMEX is opened for business.

Brent Futures settlement time: The weighted average price of trades during a two minute settlement period from 19:28:00, London time.

Brent Crude Futures expiry:

Contract Months up to and including February 2016:

Trading shall cease at the end of the designated settlement period on the Business Day (a trading day which is not a public holiday in England and Wales) immediately preceding either:

- (i) the 15th calendar day before the first calendar day of the contract month, if such 15th calendar day is a Business Day; or,
- (ii) if such 15th calendar day is not a Business Day, the next preceding Business Day.

Contract Months from March 2016:

Trading shall cease at the end of the designated settlement period on the last Business Day of the second month preceding the relevant contract month (e.g. the March contract month will expire on the last Business Day of January).
