Contract Specifications

Option Premium / Daily Margin	<p>Due to equity-style margining the premium on Midland WTI American Gulf Coast Options is paid / received on the day following the day of trade. Equity-Style Options have no daily Variation Margin payment. The premium on the Equity-style Options is paid/received on the business day following the day of trade. Net Liquidating Value (NLV) will be re-calculated each business day based on the relevant daily settlement prices. For buyers of options the NLV credit will be used to off-set their Original Margin (OM) requirement; for sellers of options, the NLV debit must be covered by cash or collateral in the same manner as OM requirement.</p>
Exercise Procedure	<p>Midland WTI American Gulf Coast Options can be exercised into Midland WTI American Gulf Coast Futures contracts. Options contracts are of American-style exercise, allowing the buyer to exercise call and/or put options up to 17:00 hours (London time) on any Trading Day (except on expiry day) during the life of the contract, by giving an exercise notice to ICE Clear Europe in respect of such options. On expiry day, automatic exercise settings are pre-set to exercise call and put option contracts that are one minimum price fluctuation or more in-the-money and call option contracts which are at-the-money with reference to the corresponding daily settlement price at the designated settlement time as determined by the Exchange. At-the-money put options will be abandoned and call options will be exercised.</p>
Strike Price Increments	<p>This contract will support Custom Option Strikes of \$0.01/bbl above and below the at-the-money Strike Price. Strike price boundaries are adjusted according to futures price movements. The at-the-money strike price is the closest interval nearest to the previous business day's settlement price of the underlying contract.</p>
Contract Series	Up to 108 consecutive months
Business Days	US business days.
