## 6. SUBSCRIBER REPORTING OBLIGATIONS

- 6.1 Except if the Subscriber is approved by Euronext for Natural User-based reporting, the Redistributor is required to report to Euronext its Subscribers' ability to access Real Time Information for billing purposes. Therefore, where the Subscriber controls the entitlement of and access to Real Time Information, such Subscriber shall be required to declare for each calendar month of each year, to each Redistributor providing it with this Information, all Reportable Units with the ability to access that Information by submitting a Datafeed Access Declaration to the Redistributor. The applicable unit of count for display Use is each User per Source with the ability to access Subscriber-Controlled Real Time Information. For the avoidance of doubt, netting Subscriber-Controlled with Redistributor-Controlled Information products and/or between different Sources is not permitted, regardless whether the same Access ID is used across different Sources or not. The unit of count for display use, where a Device cannot be allocated to a natural person, shall be each Device. Simultaneous access on such Device is not permitted. There is no unit of count for Non-Display Use and CFD Use. The licensing/reporting obligations for such Non-Display Use and CFD Use are described in the Non-Display Use Policy of the EMDDA, the EDSA and the EMDA. For the avoidance of doubt, in case of both display Use and Non-Display Use by a single Device, and such Non-Display Use does not fall under clause 6.3 of these Terms and Conditions, both have to be reported and Fees may be applicable to both such display Use and such Non-Display Use.
- 6.2 In relation to clause 6.1, the Subscriber is required to report a minimum of 1 (one) Reportable Unit per Subscriber-Controlled Real Time Information product per Location Account Number to the Redistributor. For the purpose of this clause, Location Account Number means a unique identifier assigned to the Subscriber by the Redistributor.
- 6.3 Non-Display Use by Devices that solely facilitate display and/or Internal Distribution of Real Time Information is not subject to licensing/reporting and Non-Display Use Fees.
- 6.4 In relation to clause 6.1, the Subscriber shall declare the information needed to meet this reporting requirement to the Redistributor in a timely manner, as such that the Redistributor can meet its reporting requirement to Euronext.
- 6.5 For the avoidance of doubt, Non-Display Use and CFD Use subject to the Non-Display Use Policy of the EMDDA, EDSA or EMDA does not have to be declared to the Redistributor. Rather the Subscriber shall complete and submit to Euronext a Non-Display Use Declaration, EDSA Order Form or EMDA Order Form as required under the Non-Display Use Policy of the EMDDA, EDSA or EMDA.
- 6.6 A Subscriber approved for Natural User-based reporting by Euronext, shall report its display Use subject to and in accordance with its EMDA, including the EMDA Natural User Policy.

- 8.3 For Audit purposes, the Subscriber undertakes to keep all its records required under these Terms and Conditions and/or any Policy and/or agreement applicable to the Subscriber in relation to its Use of the Information including, but not limited to, entitlement records and Datafeed Access Declarations, for a period of 5 (five) calendar years.
