1. GENERAL PROVISIONS

1.1 With regard to all open Contracts, which, pursuant to the Contract Terms, give rise to delivery obligations:

(a) Clearing Members with Open Contract Positions at cessation of trading or auctioning are obliged to make or take delivery (as applicable);

(b) Clearing Members must make themselves fully aware of their delivery obligations under each relevant Contract;

(c) Clearing Members shall:

(i) conduct customer due diligence relating to anti-money laundering in relation to any delivery including in relation to any Transferors/Transferees nominated by them in accordance with paragraph 5.1 and all other “beneficial owners” of such Transferors/Transferees (for the purposes of this paragraph the term “beneficial owners” having the meaning given to it in article 3(6) of the Money Laundering Directive) to the extent required under the Money Laundering Directive or such other Applicable Laws) or Customers in relation to any delivery in accordance with Applicable Laws; and

(ii) at the request of the Relevant Market or the Clearing House, promptly provide satisfactory evidence that the Clearing Member has undertaken customer due diligence in respect of any delivery;

(iii) not use, deliver or nominate for delivery anything that is prohibited by any Sanction; and

(iv) neither:

(A) be, nor to its knowledge have, any directors, officers, employees, agents or Representatives which are the target of any Sanction; or

(B) to its knowledge have any Affiliates who are, or whose directors, officers, employees, agents or Representatives are, the target of any Sanction, unless or except:

(X) pursuant to an exemption or exception in the Applicable Laws establishing the Sanction or subject to an applicable licence granted by all relevant Governmental Authorities under that Applicable Law; or

(Y) to the extent that any obligation, undertaking, representation or statement contemplated by this Paragraph 1.1(c) would be in conflict with any Applicable Laws purporting to nullify or restrict the effect of foreign Sanctions or preventing boycotts; or

(Z) solely in respect of Persons listed under Paragraph 1.1(c)(vi)(B) who are subject to a Sectoral Sanction, the Clearing Member notifies the Clearing House in accordance with Rule 204(a)(xiv) and the Person subject to the
DELIVERY PROCEDURES

Sectoral Sanction is not prohibited from carrying out any business activity related to derivatives or spot trading;

(d) if any delivery or proposed delivery would take place in circumstances where the Clearing Member, Transferor, or Transferee is or would be in breach of Paragraph 1.1(c) but for the exception in Paragraph 1.1(c)(y), the relevant Clearing Member, Transferor or Transferee must notify the Clearing House and relevant Market in writing at least 30 days in advance of the affected delivery, specifying the details of the extent that it falls outside of the scope of Paragraph 1.1(c);

(e) no means of delivery (including, but not limited to vessels and warehouses) relying on the exception set out in Paragraph 1.1(c)(Y) may be used at all if such notice of at least 30 days under Paragraph 1.1(d) has not been provided to the Clearing House and relevant Exchange;

(f) these Delivery Procedures form part of the terms of the relevant Contract if such Contract becomes deliverable and should be read in conjunction with the Rules, particularly Part 7, and the relevant Market Rules where relevant.

(g) pursuant to Rule 703(j) (and, without limitation to equivalent provisions of other Market Rules), the Clearing House or any relevant Market may: (i) reject a delivery (including, for the avoidance of doubt, delivery by any vessel or in any warehouse); (ii) direct that a substitute means of delivery be used or nominated (including a vessel, warehouse, barge, account, or booking reference); and/or (iii) suspend any or all membership or other permissions of the Buyer, Seller, Transferor or Transferee (as applicable), including its permission to enter into any particular Contract, or to deliver to receive deliveries (or any one or more of such permissions), in each case, for such term as the Clearing House or any relevant Market may determine, if the Clearing House or any relevant Market has reasonable grounds to believe that a delivery would be, or would be a significant risk of constituting a potential breach of Sanctions, except to the extent that any right of the Clearing House or any relevant Market contemplated by this Paragraph 1.1(g) would conflict with any Applicable Laws purporting to nullify or restrict the effect of foreign Sanctions or preventing boycotts. Neither the exercise, nor lack of exercise, of these powers shall serve as evidence of a breach (or non-breach) of Sanctions in any failed delivery, default or arbitration proceedings nor prevent the Clearing House or any relevant Market from taking disciplinary action (including a declaration of default or an Event of Default as applicable) at any future time.

1.2 Any enquiries concerning these Delivery Procedures should be directed to the clearing operations department of the Clearing House.

1.3 The following definitions apply to these Delivery Procedures:

(b) The term “Business Day” means a Clearing Day that is not a public holiday in the Netherlands.

(c) The term "CET" means Central European Time or Central European Summer Time, when applicable.

(f) The term “Tender” means a notice given pursuant to these Delivery Procedures and/or Market Rules, of an intention to make or take delivery of a Deliverable;

(g) The term “UK Time” means London (UK) time.

1.4 These Delivery Procedures apply only in relation to F&O Contracts.

1.5 These Delivery Procedures, and all non-contractual obligations arising out of or in connection with them, are governed by and shall be construed in accordance with the laws of the Netherlands in accordance with Rule 102(r) and any Dispute under these Delivery Procedures will be subject to arbitration under Rule 117 save as provided in Market Rules.

3. AUTHORISED SIGNATORIES

Clearing Members, or their Transferor(s) or Transferee(s), must ensure that all delivery documents are signed by a director or officer who is properly authorised to sign such documentation on behalf of the Clearing Member. The Clearing House is entitled to rely upon the information specified in all forms and documents submitted by Buyers, Sellers, Transferors and Transferees without making any enquiry, investigation or check as to the accuracy of the information or whether the signatory is authorised to sign or submit the form or document to the Clearing House.

4. CLEARING MEMBER ACCOUNTS

No offset is allowed for either physical delivery or financial settlement between Clearing Members’ Proprietary Account and Customer Account. Separate delivery documentation is required for each such Account.

5. TRANSFERORS AND TRANSFEREES

IMPORTANT NOTICE: The ICNL Rules, Procedures and Policies including the present document contain some provisions which are only relevant to markets, contract types and client categories for which ICNL does not provide services as per the date of this document (but may do so in the future). This applies in particular to: (i) provisions relating to clearing Credit Default Swaps contracts; (ii) provisions which support the provision of clearing services to Clearing Members which are registered as Futures Commission Merchants with the CFTC and/or as Broker-Dealers with the SEC; (iii) provisions supporting the Sponsor and Sponsored Principal clearing model; and (iv) to provisions supporting collateral provision by way of pledge or charge or under a Gold Addendum. Readers of this document are requested to note that ICE Clear Netherlands is authorised as a central counterparty under EMIR to clear derivative contracts relating to equity securities (including indices of equity securities) only. Please refer to https://www.theice.com/clear-netherlands for further guidance.
Futures Contract subject to delivery obligations allows Sellers and Buyers to nominate Transferors and Transferees respectively. A Transferor or Transferee may be a Seller or Buyer, respectively, itself. Transferors and Transferees are permitted to make or take delivery of Natural Gas, Electricity or Allowances to or from the Clearing House by the prescribed delivery method. The Clearing House permits the nomination of Transferors or Transferees for reasons of convenience of Clearing Members only. Notwithstanding the appointment of a Transferor or Transferee, the relevant Clearing Member remains at all times fully responsible for meeting all of its obligations and liabilities to the Clearing House.

5.2 A Clearing Member may appoint a Representative (which may be another Clearing Member) to undertake delivery administration or obligations.

5.3 A person who is not the Buyer, Seller or the Clearing House shall have no rights whether by way of third party stipulation (derdenbeding) or otherwise to enforce any provision of a Contract (including any requirement of these Delivery Procedures). As further described in Rule 111, the Clearing House is not liable to or for Transferors or Transferees.

5.4 Where separate procedures apply to a Transferor/Transferee who is not the Seller/Buyer, this is indicated in these Delivery Procedures. Any form to be completed and submitted to the Clearing House by a Transferor/Transferee shall be signed by an authorised signatory of the Transferor/Transferee. The Clearing House is entitled to rely upon the information specified in the form without making any enquiry, investigation or checks as to the accuracy of such information or whether the signatory on the form has been authorised by the Transferor/Transferee. Each Clearing Member acknowledges and agrees that it is responsible for ensuring the accuracy of the information on each form submitted by a Transferor/Transferee and that the form is signed by an authorised signatory of such Transferor/Transferee. Pursuant to the F&O Standard Terms, which shall apply to all situations where a Transferor/Transferee is appointed, a Transferor/Transferee signing such a form shall be subject to obligations and liabilities under these Delivery Procedures which are enforceable by both the Clearing Member and the Clearing House.

5.5 For the avoidance of doubt, Transferors/Transferees nominated by a Seller or Buyer in accordance with paragraph 5.1 and Customers are not customers of the Clearing House. The Clearing House only owes, and carries out, obligations relating to the delivery of F&O Contracts under these Delivery Procedures in relation to Buyers and Sellers.

5.6 For the avoidance of doubt, Transferors/Transferees nominated by a Seller or Buyer in accordance with paragraph 5.1 and Customers are not customers of the Clearing House. The Clearing House only owes, and carries out, obligations relating to the delivery of F&O Contracts under these Delivery Procedures in relation to Buyers and Sellers.

6.1 [Not used.]

7. [NOT USED.]

8. ALTERNATIVE DELIVERY PROCEDURE: FINANCIALS & SOFTS WHITE SUGAR CONTRACTS

In the event that the Seller agrees with the Buyer (to whom the Seller’s Tender is allocated by the Clearing House) to make delivery other than as specified in the LIFFE Rules or the ICE Futures Europe Rules, as applicable, in respect of Financials & Softs White Sugar Contracts, both parties must advise LIFFE or ICE Futures Europe, as applicable, via Guardian (or any successor system) of their agreement. In such circumstances, the Clearing House will terminate the Financials & Softs White Sugar Contract.
Sugar Contracts at the agreed settlement price, in fulfilment of all obligations and rights of all parties under the Contracts.

9. **EXCLUSION OF ALTERNATIVE DELIVERY PROCEDURES FOR OTHER CONTRACTS**

Clearing Members may not agree alternative delivery procedures for any ICE Futures UK Natural Gas Futures Contract, ICE Futures UK Natural Gas (EUR/MWh) Futures Contract, ICE Futures UK Natural Gas Daily Futures Contract, ICE UK Base Electricity Futures Contract (EFA), ICE UK Peak Electricity Futures Contract (EFA), ICE UK Base Electricity Futures Contract (Gregorian), ICE UK Peak Electricity Futures Contract (Gregorian) or ICE Deliverable US Emissions Contract, Financials & Softs Coffee Contract, Financials & Softs Cocoa Contract, Financials & Softs Wheat Contract, Financials & Softs Gilt Contract, Financials & Softs Japanese Government Bond Contract, Financials & Softs Equity Futures/Options Contract or Financials & Softs Stock Contingent Trade Contract or any other Contract subject to a delivery from time to time for which no specific alternative delivery procedure applies, save where a Governmental Authority of competent jurisdiction orders or requires or Applicable Law so requires or the Clearing House provides its consent in writing.

10. **INTERIM PAYMENTS: GASOIL**

Where a Delivery Panel formed under ICE Futures Europe Rules directs that an interim payment or payments should be made pending a decision as to the price to be set for Invoicing Back, the Clearing House may make an interim payment to the affected Clearing Member of the amount specified in the direction of the Delivery Panel (or such other amount as the Clearing House, at its discretion, determines). If the Clearing House makes any such interim payment, an equivalent deduction from the Buyer’s Security will be effected. Any amount to be paid as a result of the Delivery Panel’s decision or direction shall be such amount due less any interim payment made or shall result in an obligation to repay all or part of any interim payment, as applicable, and further deduction to, or replenishment of, the Buyer’s Security shall be effected by the Clearing House appropriately.

11. **ICE BRENT FUTURES: CASH SETTLEMENT**

ICE Brent Futures is a contract deliverable via EFP with an option to cash settle. Where the Notice to Cash Settle ICE Brent Futures or the Standing Notice to Cash Settle ICE Brent Futures is completed and submitted to the Clearing House by the relevant time as applicable to each notice, then the Rules on cash settlement set out in the Rules shall apply.

12. **SIMILAR OBLIGATIONS UNDER DIFFERENT CONTRACTS**

Where a Seller or a Buyer has delivery obligations under one or more Contracts that are not of the same Set but which result in a delivery obligation in respect of the same Deliverable at the same time, the Clearing House may notify the Seller (and its Transferor, if applicable) and the Buyer (and its Transferee, if applicable) of their aggregated delivery obligations under the affected Contracts and, upon such notification, the Seller and Buyer shall be required to make and take delivery in respect of such aggregated delivery obligations instead of such other obligations as may otherwise have been required.

13. **INTERPRETATION**

Words and phrases defined in the Rules or these Delivery Procedures bear the same meanings when used in any form or other document delivered pursuant to these Delivery Procedures.
The Clearing House may, from time to time, enter into clearing services arrangements with LIFFE, ICE Futures Europe or ICE Endex as applicable, in respect of Financials & Softs Contracts, pursuant to which the functions of the Clearing House (as designated in these Delivery Procedures) may be performed by LIFFE, ICE Futures Europe or ICE Endex, as applicable, and vice versa. Accordingly, references in these Delivery Procedures to the Clearing House may be interpreted as references to LIFFE or ICE Futures Europe, as applicable, in respect of such Financials & Softs Contracts, and vice versa, as circumstances require.

14. REPORTS AND NOTIFICATIONS

Unless otherwise specified, the Clearing House will make the reports and confirmations it issues as part of the delivery processes available to the Clearing Members electronically, both via email and via the Clearing House Web Reporting Service (described in the Clearing House User Guide).

15. LIABILITY, MARGIN, DEFAULT AND DISCIPLINARY

15.1 The requirements relating to liability set out in the Rules apply equally in relation to deliveries. Without prejudice to the generality of, and subject to, the provisions of the Rules relating to liability:

(a) it is the responsibility of Clearing Members to ensure that all forms are in place at the relevant time, and any failure or omission to ensure that they are in place that causes or contributes to the failure of any delivery may itself constitute a failure to deliver by the Clearing Member; and

(b) upon any such failure or omission, the Clearing Member will be liable to the Clearing House for any cost, loss or expense of the Clearing House arising as a result of such failure or omission, which may include any delivery failure costs.

15.2 The Clearing House may at any time make an additional Margin call as a result of any event or circumstance occurring in relation to a delivery.

15.3 Notwithstanding the availability of any possible alternative or late delivery procedure, failure to comply with any requirement of these Delivery Procedures may constitute an Event of Default.

15.4 Nothing in these Delivery Procedures shall preclude the Clearing House, in its discretion, from bringing disciplinary proceedings or levying a fine against a Clearing Member, including (without limitation) in respect of late or failed delivery.

15.5 Clearing Members are further referred to the relevant Market Rules, whose provisions are binding under Rule 102(e) and include certain provisions relating to deliveries.

15.6 Nothing in these Delivery Procedures shall exclude any liability for fraud, death, personal injury or any liability which under Applicable Laws may not be excluded.

16. PAYMENTS

All payments to and from Clearing Members pursuant to these Delivery Procedures shall take place to and from relevant Nominated Accounts and/or Target2 Accounts as described in the Finance Procedures. Amounts due in respect of delivery obligations may be set off against or aggregated with other amounts due under the Rules, as described in the Finance Procedures.
17. GUARDIAN

Guardian is an electronic grading and delivery system which is used in the process of making and taking delivery of certain Deliverables as specified in these Delivery Procedures, including cocoa, coffee, wheat and white sugar (and bonds).
PART Z: FINANCIALS & SOFTS EQUITY FUTURES/OPTIONS

1. PHYSICALLY DELIVERED EQUITY FUTURES/OPTIONS, AND STOCK CONTINGENT TRADES DELIVERY PROCEDURES

1.1 Introduction

For the purposes of these Delivery Procedures any reference to Equity Futures/Options Contracts means the following Financials & Softs physically delivered Contracts:

(i) Single Stock Futures;
(ii) Individual Equity Options; and
(iii) Contracts arising from ICE Block.

1.2 Delivery System

Physical deliveries resulting from Financials & Softs Equity Futures/Options Contracts and stock contingent trades are made through the TARGET2-Securities (T2S) Platform, Dutch, Belgium and French are delivered through the ESES settlement platform (“ESES”) of Euroclear Nederland, Euroclear Belgium and Euroclear France. German securities are delivered through Clearstream Banking Frankfurt.

The Clearing Member can opt for the following settlement methods facilitated by the Clearing House for the generation of a final (SWIFT) settlement instruction.

(i) Gross settlement

All generated gross equity transactions by the clearing system as a result of an exercise or assignment will be settled on a gross base. All gross equity transactions for a specific position account related to the same contract symbol, same settlement date and the same contract strike price will be aggregated into one gross transaction for settlement.

(ii) Net settlement

The Clearing House offers the Clearing Member settlement netting on position account level. All gross equity transactions for a specific position account related to the same contract symbol and settlement date will be netted to one single settlement instruction. If a Clearing Member services more position accounts, the gross or netting indicator can be defined per position account.

(b) Strange nets

If the Clearing Member opted for settlement netting per position account and netting will result in one of the 9 following outcomes:

1.4 Deliverable Equities

A “deliverable equity” means the equity underlying an Equity Future or Option Contract, published (from time to time) by means of a Circular or by other means determined by ICE Endex.

### 2.3 Partialling

(a) **Automatic partialling**

It is a Selling Clearing Member’s obligation to ensure full delivery of all securities. When the Clearing House as Buyer does not receive delivery of all the securities to satisfy its position, then the Clearing House may not have sufficient securities to completely fulfil its own delivery obligations. This can result in the Clearing House holding an amount of securities that it cannot pass on.

If the Clearing House’s holding is insufficient to fulfil a larger delivery obligation then, in order to reduce the risk associated with corporate actions and costs, the Clearing House may split the fulfilment of that obligation into multiple deliveries. The Clearing House may use an auto-splitting service offered by a relevant settlement system where such service is available and suitable to its needs.

(b) **Manual partialling**

Notwithstanding the above automatic process, the Clearing House may in its discretion decide to accept a partial delivery or a request to do so, provided that the following criteria are fulfilled:
DELIVERY PROCEDURES: FINANCIALS & SOFTS EQUITY FUTURES/OPTIONS

(i) the partial delivery to the Clearing House enables the Clearing House to fulfil any one or more onward delivery obligations in full and does not result in the Clearing House being in such a position that it cannot deliver the full amount for any onward delivery obligation; and

(ii) the Clearing House receives the request via e-mail followed by a telephone call from the Selling Clearing Member concerned by 11:00 (London time) on the intended settlement date. Any requests received after this time will be reviewed by the Clearing House on a reasonable endeavours basis.

If in the event that the Clearing House decides to accept such request from a Seller, manual partialling may require the Clearing Member to rematch, and the Clearing House will advise its Clearing Members and agree the relevant details. Both affected Clearing Members will then be required to match the Clearing House’s cancellation and rematch the subsequent new instructions as per the Clearing House’s advice. Where partialling is possible at a relevant settlement system, Clearing Members must match by the relevant Market deadlines to ensure settlement. Any costs incurred due to failure to instruct prior to the deadline after agreeing previously to do so, will be passed onto the relevant Clearing Member.

(A) where it can be initiated unilaterally in a relevant settlement system; or

(B) where bilateral instructions are required, by prior agreement with the Clearing House.

In the event that the Clearing House decides in its absolute discretion not to accept any partial delivery or request to do so, it shall be under no obligation to provide any reason for such decision.

If the Clearing House decides to accept a request for a partial delivery then it shall use its reasonable endeavours to advise the Selling Clearing Member and agree the cancellations and rematch that are required in order to do so on the day to make such partial delivery.

It is the responsibility of the Buying Clearing Member to ensure that any onward partial delivery is accepted. In the event that the Clearing House makes any such request, the Buying Clearing Member shall to match the Clearing House’s cancellation and rematch the subsequent new instructions as per the Clearing House’s advice.

In the event that a Buying Clearing Member fails or omits to comply with these provisions or settlement instructions are not cancelled and rematched as per the Clearing House’s advice, the Clearing House may charge that Buying Clearing Member and the Buying Clearing Member shall pay any costs incurred by the Clearing House as a result of such failure or omission. Such costs will be debited from the Clearing Member’s relevant account.

2.4 Daylight Indicator

The daylight indicator is applicable for deliveries in Euroclear Bank and applicable for ICNL. It is a Selling Clearing Member’s obligation to ensure full delivery of all securities. If, to ensure settlement on intended settlement date, the use of a Daylight Settlement period is necessary, a Selling Clearing Member must contact the Clearing House at the earliest opportunity to request Daylight Settlement. The Clearing House will use its reasonable endeavours to ensure that Clearing House’s and Buying Clearing Members’ relevant transactions are marked with a Daylight Indicator so that settlement can occur during Daylight Settlement. In the event that a Clearing Member fails to settle during Daylight Settlement the Clearing House may charge for any losses and expenses incurred as a result of non-settlement. Such losses and expenses will be debited via the Clearing Member’s relevant account.

IMPORTANT NOTICE: The ICNL Rules, Procedures and Policies including the present document contain some provisions which are only relevant to markets, contract types and client categories for which ICNL does not provide services as per the date of this document (but may do so in the future). This applies in particular to: (i) provisions relating to clearing Credit Default Swaps contracts; (ii) provisions which support the provision of clearing services to Clearing Members which are registered as Futures Commission Merchants with the CFTC and/or as Broker-Dealers with the SEC; (iii) provisions supporting the Sponsor and Sponsored Principal clearing model; and (iv) provisions supporting collateral provision by way of pledge or charge or under a Gold Addendum. Readers of this document are requested to note that ICE Clear Netherlands is authorised as a central counterparty under EMIR to clear derivative contracts relating to equity securities (including indices of equity securities) only. Please refer to https://www.theice.com/clear-netherlands for further guidance.
In the event that the Clearing House decides in its discretion not to accept any request for Daylight Settlement, it shall be under no obligation to provide any reason for such decision.

2.5 Tolerance Matching

Although a delivery system may apply tolerance matching to internal instructions, Clearing Members must ensure that the Clearing House’s settlement amount is perfectly matched in accordance with the relevant Contract Terms. In the event that a Seller fails perfectly to match the Clearing House’s settlement amount, any tolerance applied will be debited from the Selling Clearing Member. Such funds should be paid to the Clearing House as a “cash only” delivery through Euroclear in accordance with Clearing House instructions. In the event that a Clearing Member fails or omits to match the Clearing House’s instruction, the Clearing House will debit the relevant funds through the relevant account of the Clearing Member.

3. FAILED SETTLEMENTS AND NON-DELIVERY OF STOCK

Under the relevant Contract Terms, failure to comply with the Clearing House’s instructions will constitute a delivery default by the Clearing Member. If the Seller has not made delivery to the Clearing House by close of equity settlement on the intended settlement day the Clearing House shall take whatever action is appropriate in keeping with its obligation to deliver the securities to the Buyer in accordance with the relevant Contract Terms.

3.1 Buying In Summary Timetable

The following Buying In Summary Timetable is subject to the Clearing House’s right to instigate Early Buy In in accordance with Paragraph 3.2 of this Part Z.

**IMPORTANT NOTICE:** The ICNL Rules, Procedures and Policies including the present document contain some provisions which are only relevant to markets, contract types and client categories for which ICNL does not provide services as per the date of this document (but may do so in the future). This applies in particular to: (i) provisions relating to clearing Credit Default Swaps contracts; (ii) provisions which support the provision of clearing services to Clearing Members which are registered as Futures Commission Merchants with the CFTC and/or as Broker-Dealers with the SEC; (iii) provisions supporting the Sponsor and Sponsored Principal clearing model; and (iv) to provisions supporting collateral provision by way of pledge or charge or under a Gold Addendum. 3.2 Early Buy-In

Notwithstanding the Buying In Summary Timetable above, the Clearing House may, in its discretion, issue Buying In instructions at any time following a failed delivery on the Intended Settlement Day ("Early Buy In"). In the event that the Clearing House instigates Early Buy In, Clearing Members will be advised of the Buying In details including the timetable for settlement.

Without limiting the Clearing House's discretion in this regard, Clearing Members are advised that generally the Clearing House is only likely to instigate Early Buy In when there has been an Event of Default or Force Majeure Event or there are circumstances that would, in the Clearing House's opinion, otherwise be likely to prevent the Clearing Member making the share transfer immediately within the settlement timetable as dictated by the relevant settlement system.

3.3 Daily Payments for Failed Settlements

From Intended Settlement Day + 1, the Clearing House is entitled to charge Clearing Members that have failed to make settlement a daily charge for each day that the failure continues, until the day the Clearing House 'buys in', instigates Early Buy In or, in the event that the Clearing House is unable to 'buy in', the day the amount is paid to the Buying Clearing Member based on the value of the shares to be delivered at the delivery date plus an amount for losses incurred by the Buying Clearing Member as a result of a settlement failure.

3.4 Margining of Failed Settlements

All physically delivered Equity Futures/Options Contracts going in to delivery are placed within ECS (or any successor system) in a pending delivery position at the option strike or delivery price. They are held there until Settlement Day. During this period, they are subject to Original and contingent Margin.

In the event of a failed delivery on the settlement day the contracts will continue to be liable for Margin until the delivery obligation has been satisfied. Margin is calculated independently by ECS (or any successor system).

4. CORPORATE EVENTS

4.1 The Clearing House shall not be responsible for any act with regard to any corporate event relating to any underlying or Deliverable of any Financials & Softs Equity Futures or Options Contract, or stock contingent contract other than set out below.

For the purposes of these Delivery Procedures, the term 'corporate event' is used to refer to (i) cash claims in relation to an underlying Equity Futures/Option Contract or stock contingent contract (for example a dividend payment or distribution, a cash obligation arising from a fractional entitlement, or, in the event that the underlying is subject to a takeover, the right to cash in lieu of the relevant underlying) (a "Cash Claim"); (ii) the issuance of Deliverables and/or Investments (e.g. warrants or rights to shares) by way of a share or rights issue to a shareholder (a "Distribution"); or (iii) a transformation of the underlying (for example pursuant to a corporate reorganisation, de-listing, merger, de-merger or a buy-out) (a "Transformation").

Any amendments to an Equity Futures/Options Contract or stock contingent contract or the equity underlying in relation thereto arising as a result of a corporate event where the relevant record or
reference date and time occurs prior to the exercise or expiry of such contract shall be determined in accordance with the Exchange Corporate Action Policy.

Any amendments to an Equity Futures/Options Contract or stock contingent contract or the equity underlying in relation thereto arising as a result of a corporate event where the relevant record or reference date or time is on or after the exercise or expiry of such contract shall be determined in accordance with these Delivery Procedures.

While the Clearing House will use reasonable efforts to carry out the steps set out below, it shall have no liability for any loss or damage arising out of or connected with any action or inaction on its part or on its behalf in connection with any corporate event.

The Clearing House shall not be obliged to provide or forward any information, or deliver any notice, document or instruction received by it, or of which it is aware, relating to or in connection with any corporate event, to any Clearing Member.

In the event that a Clearing Member fails to take delivery of a Deliverable by the final date for delivery of such Deliverable, due to insufficient funds, failure to match, by not allowing transactions to settle because of priority settings or for any other reason, the Clearing House may charge to that Clearing Member any costs incurred by the Clearing House or of which it is aware as a result thereof. Such charges will be debited from the Clearing Member’s relevant Account.

Although Clearing Members are not permitted to delete claims in the relevant settlement system, the Clearing House may, in its discretion at any time, agree with a Clearing Member to give effect to a corporate event claim processed outside the relevant settlement system. In such circumstances, and always subject to the Clearing House’s prior approval, the Clearing Member concerned may, in accordance with the Clearing House’s instructions, thereafter delete the claim within the relevant settlement system and the Clearing House will seek to facilitate settlement through the Clearing House’s systems. Without limiting the Clearing House’s discretion in this regard, Clearing Members are advised that generally this is only likely to occur when there are, in the Clearing House’s opinion, circumstances that would be likely to prevent settlement in the relevant settlement system.

4.2 Elective Corporate Events

Neither the Clearing House nor any Selling Clearing Member is under any obligation to accept any instructions from a Buying Clearing Member in relation to any corporate event requiring an election to be made, where such election would occur after the expiry or exercise date but prior to the date of settlement, unless the Buying Clearing Member notifies the Clearing House of a request to make an election prior to any deadlines stated within these procedures, or by any other means by the Clearing House. For securities settling through Euroclear UK & Ireland (CREST), Buying Clearing Members must submit election notices directly via the CREST ACON process. Buyer election notices will not be accepted by the Clearing House for events which are not supported by the CREST ACON process. Therefore, any affected failing transactions will automatically receive the default option.

Buyer election notices should be submitted to the Clearing House by 11 a.m. UK Time on the day before the relevant deadline set by the relevant issuer of the Deliverable for such election (or such other deadline as the Clearing House may specify). If the Clearing House receives a valid and timely request from a Buying Clearing Member to make an election, it shall promptly notify the Selling Clearing Member of the request and the Selling Clearing Member and Buying Clearing Member shall, upon receipt of the request by the Selling Clearing Member, simultaneously become bound by the effects of the request. Buying Clearing Member election notices must be submitted to the Clearing House in reference date and time occurs prior to the exercise or expiry of such contract shall be determined in accordance with the Exchange Corporate Action Policy.

Any amendments to an Equity Futures/Options Contract or stock contingent contract or the equity underlying in relation thereto arising as a result of a corporate event where the relevant record or reference date or time is on or after the exercise or expiry of such contract shall be determined in accordance with these Delivery Procedures.

While the Clearing House will use reasonable efforts to carry out the steps set out below, it shall have no liability for any loss or damage arising out of or connected with any action or inaction on its part or on its behalf in connection with any corporate event.

The Clearing House shall not be obliged to provide or forward any information, or deliver any notice, document or instruction received by it, or of which it is aware, relating to or in connection with any corporate event, to any Clearing Member.

In the event that a Clearing Member fails to take delivery of a Deliverable by the final date for delivery of such Deliverable, due to insufficient funds, failure to match, by not allowing transactions to settle because of priority settings or for any other reason, the Clearing House may charge to that Clearing Member any costs incurred by the Clearing House or of which it is aware as a result thereof. Such charges will be debited from the Clearing Member’s relevant Account.

Although Clearing Members are not permitted to delete claims in the relevant settlement system, the Clearing House may, in its discretion at any time, agree with a Clearing Member to give effect to a corporate event claim processed outside the relevant settlement system. In such circumstances, and always subject to the Clearing House’s prior approval, the Clearing Member concerned may, in accordance with the Clearing House’s instructions, thereafter delete the claim within the relevant settlement system and the Clearing House will seek to facilitate settlement through the Clearing House’s systems. Without limiting the Clearing House’s discretion in this regard, Clearing Members are advised that generally this is only likely to occur when there are, in the Clearing House’s opinion, circumstances that would be likely to prevent settlement in the relevant settlement system.

4.2 Elective Corporate Events

Neither the Clearing House nor any Selling Clearing Member is under any obligation to accept any instructions from a Buying Clearing Member in relation to any corporate event requiring an election to be made, where such election would occur after the expiry or exercise date but prior to the date of settlement, unless the Buying Clearing Member notifies the Clearing House of a request to make an election prior to any deadlines stated within these procedures, or by any other means by the Clearing House. For securities settling through Euroclear UK & Ireland (CREST), Buying Clearing Members must submit election notices directly via the CREST ACON process. Buyer election notices will not be accepted by the Clearing House for events which are not supported by the CREST ACON process. Therefore, any affected failing transactions will automatically receive the default option.

Buyer election notices should be submitted to the Clearing House by 11 a.m. UK Time on the day before the relevant deadline set by the relevant issuer of the Deliverable for such election (or such other deadline as the Clearing House may specify). If the Clearing House receives a valid and timely request from a Buying Clearing Member to make an election, it shall promptly notify the Selling Clearing Member of the request and the Selling Clearing Member and Buying Clearing Member shall, upon receipt of the request by the Selling Clearing Member, simultaneously become bound by the effects of the request. Buying Clearing Member election notices must be submitted to the Clearing House in
DELIVERY PROCEDURES: FINANCIALS & SOFTS EQUITY FUTURES/OPTIONS

writing, and will not be deemed to have been accepted by the Clearing House unless and until confirmed so by the Clearing House. It is the responsibility of the Buying Clearing Member to ensure receipt of the election notice by the Clearing House. The corresponding notification to the Selling Clearing Member by the Clearing House may be made after the Buyer election deadline stated above, but in any case, as soon as reasonably possible. Upon receipt of an election notification from the Clearing House, the Selling Clearing Member must act upon that notification accordingly, and reduce settlement priority of the relevant unsettled transaction(s) to zero.

Where no instructions are received by the Clearing House by 11 a.m. UK Time on the day before the relevant deadline, the Selling Clearing Member shall allow the elective corporate event to default to the 'default option' for elections, as directed by the relevant settlement system. The Selling Clearing Member and Buying Clearing Member shall simultaneously become bound by the default option election.

Where a Selling Clearing Member does not act in accordance with an election relating to a Deliverable and/or an Investment made pursuant to the Contract Terms (including pursuant to any instructions made by the Clearing House in accordance with this Paragraph 4.2), that Selling Clearing Member will be responsible for reimbursing the Clearing House for any costs, expenses and other losses suffered by the Clearing House or Buying Clearing Member in connection with or as a result of that failure or omission.

Where a Buying Clearing Member provides the Clearing House with a request for instructions in relation to an election after 11 a.m. UK Time on the day before the relevant deadline set by the relevant Issuer for such election, such claim shall be treated as invalid by the Clearing House and neither the Clearing House nor the Selling Clearing Member shall be under any obligation whatsoever to effect settlement on the basis of such election.

4.3 Cash Claims

Subject to Paragraphs 4.1 and 4.2, where a corporate event giving rise to a Cash Claim occurs where the relevant record or reference date is after the expiry or exercise date of the relevant Equity Futures/Options Contract or stock contingent contract, the Buying Clearing Member shall be entitled, in addition to delivery of the Deliverable (if applicable), to such Cash Claim, and the Clearing House and (if applicable) the Selling Clearing Member shall be obliged to effect settlement of such Equity Futures/Options Contract or stock contingent contract taking into account such Cash Claim.

Subject to Paragraphs 4.1 and 4.2, in the event of a failure of settlement, a Buying Clearing Member's rights in respect of reimbursement or settlement shall be calculated to include the Cash Claim (or may, consist entirely of the Cash Claim, as the case may be).

All such Cash Claim amounts should be settled on their intended settlement date in accordance with the relevant settlement system rules and procedures. If the Selling Clearing Member receives the proceeds of a Cash Claim, the relevant amount shall be transferred by it to the Clearing House in accordance with the Finance Procedures. If the Clearing House receives the proceeds of a Cash Claim or an amount in respect thereof from a Selling Clearing Member, the relevant amount shall be transferred by it to the Buying Clearing Member in accordance with the Finance Procedures.

Where Cash Claims are not settled in accordance with the procedures of the relevant settlement system, the Clearing House compensates Cash Claims on a net of tax basis, in accordance with Part 3 of the Rules and the Finance Procedures. The cash compensation is not itself a dividend payment and the Clearing House does not provide tax vouchers or certificates in respect of dividends. The Clearing

House does not reclaim Tax on a Clearing Member's behalf. If a Clearing Member is entitled to receive Tax benefit, then it will need itself to deal directly with the relevant Tax authority.

If the Clearing House incurs any liability to pay any Tax (which may include stamp duty, income tax, withholding tax or corporation tax) in respect of the cash compensation then it will require reimbursement in respect of such Tax liability and any costs and other expenses incurred in relation thereto, from the Clearing Member who is or was party to the Contract concerned in accordance with Part 3. The Clearing House will debit such amounts from the relevant account of that Clearing Member.

4.4 Distributions

Subject to Paragraphs 4.1 and 4.2, where a corporate event giving rise to a Distribution occurs where the relevant record or reference date is after the expiry or exercise date of the relevant Equity Futures/Options Contract or stock contingent contract, the Buying Clearing Member shall be entitled, in addition to delivery of the Deliverable, to such Distribution and the Clearing House and (if applicable) the Selling Clearing Member shall be obliged to effect settlement of such Equity Futures/Options Contract or stock contingent contract taking into account such Distribution (including, for the avoidance of doubt, any rights or warrants under a rights issue or any other rights in relation to an equity underlying except for Cash Claims or Transformations).

Subject to Paragraphs 4.1 and 4.2, in the event of a failure of settlement, a Buying Clearing Member's rights in respect of reimbursement or settlement shall be calculated to include such Distribution.

All such claims in respect of Distributions should be settled on their intended settlement date in accordance with the relevant settlement system rules and procedures. If the Selling Clearing Member receives the Distribution, it shall transfer such Distribution to the Clearing House as soon as reasonably practicable following receipt, through the same settlement system as that in which the relevant Deliverable and/or Investment is settled. If the Clearing House receives the Distribution from a Selling Clearing Member, it shall transfer such Distribution to the Buying Clearing Member as soon as reasonably practicable following receipt, through the same settlement system as that in which the relevant Deliverable and/or Investment is settled.

Where Distributions are not settled in accordance with the procedures of the relevant settlement system, the Clearing House compensates Distributions on a net of tax basis, in accordance with Part 3 of the Rules. The cash compensation is not itself a dividend payment and the Clearing House does not provide tax vouchers or certificates in respect of dividends. The Clearing House does not reclaim Tax on a Clearing Member's behalf. If a Clearing Member is entitled to receive Tax benefit, then it will need itself to deal directly with the relevant Tax authority.

If the Clearing House incurs any liability to pay any Tax (which may include stamp duty, income tax, withholding tax or corporation tax) in respect of the cash compensation then it will require reimbursement in respect of such Tax liability and any costs and other expenses incurred in relation thereto, from the Clearing Member who is or was party to the Contract concerned in accordance with Part 3. The Clearing House will debit such amounts from the relevant account of that Clearing Member.

4.5 Transformations

Subject to Paragraphs 4.1 and 4.2, where a corporate event giving rise to a Transformation occurs where the relevant record or reference date is after the expiry or exercise date of the relevant Equity Futures/Options Contract or stock contingent contract, the Buying Clearing Member shall be entitled, in addition to the delivery of the relevant Deliverable (if applicable), to such Deliverable and/or...
Investment to which it would be entitled to pursuant to a Transformation if it were the owner of record of the relevant Deliverable at the relevant record or reference date, and the Clearing House and (if applicable) the Selling Clearing Member (subject to below) shall be obliged to effect settlement of such Equity Futures/Options Contract or stock contingent contract upon the basis of such Transformation.

A Selling Clearing Member may only deliver the original equity underlying provided that the delivery occurs prior to the Last Time for Delivery. The Last Time for Delivery is the close of delivery versus payment equity settlement in the relevant settlement system, one relevant settlement system business day prior to the call payment or registration date. Thereafter, a Selling Clearing Member must deliver the new equity underlying. In the event that the original equity underlying continues to exist, a Selling Clearing Member delivers the original equity underlying, and the Buying Clearing Member declines to accept delivery of such original equity underlying, then the Clearing House will return the original equity underlying to the Selling Clearing Member and the Selling Clearing Member shall be obliged to deliver to the Clearing House the new equity underlying in accordance with such directions as may be given by the Clearing House.

Subject to Paragraphs 4.1 and 4.2, in the event of a failure of settlement, a Buying Clearing Member's rights in respect of reimbursement or settlement shall be calculated upon the basis of such Transformation.

All such claims in respect of Transformations should be settled on their intended settlement date in accordance with the relevant settlement system rules and procedures. If the Selling Clearing Member receives Deliverables and/or Investments pursuant to a Transformation, the relevant Deliverables and/or Investments shall be transferred by it to the Clearing House as soon as reasonably practicable following receipt, through the same settlement system as that in which the relevant Deliverable and/or Investment is settled. If the Clearing House receives Deliverables and/or Investments pursuant to a Transformation from a Selling Clearing Member, the relevant Deliverables and/or Investments shall be transferred by it to the Buying Clearing Member as soon as reasonably practicable following receipt, through the same settlement system as that in which the relevant Deliverable and/or Investment is settled.

Where the relevant settlement system does not perform a Transformation, the Clearing House will manually enter the particulars of the physically delivered Equity Future/Option Contract or stock contingent contract, which will include particulars of the new equity underlying. Clearing Members must immediately input matching instructions in order to match with those new particulars.

Where Transformations are not settled in accordance with the procedures of the relevant settlement system, the Clearing House compensates Transformations on a net of tax basis, in accordance with Part 3 of the Rules. The cash compensation is not itself a dividend payment and the Clearing House does not provide tax vouchers or certificates in respect of dividends. The Clearing House does not reclaim Tax on a Clearing Member's behalf. If a Clearing Member is entitled to receive Tax benefit, then it will need itself to deal directly with the relevant Tax authority.

If the Clearing House incurs any liability to pay any Tax (which may include stamp duty, income tax, withholding tax or corporation tax) in respect of the cash compensation then it will require reimbursement in respect of such Tax liability and any costs and other expenses incurred in relation thereto, from the Clearing Member who is or was party to Contract concerned in accordance with Part 3. The Clearing House will debit such amounts from the relevant account of that Clearing Member.
