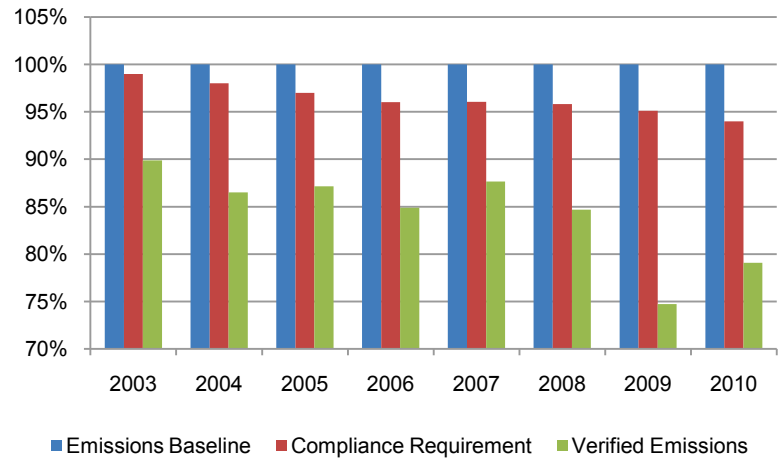
CCX Advisory 2011-07

December 20, 2011

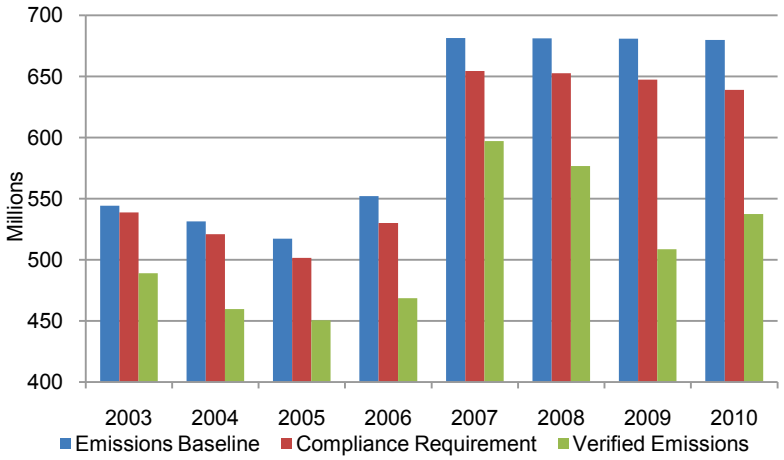
Re: Final Compliance Report

Upon the conclusion of Phase II, Chicago Climate Exchange (CCX) has completed final true up and is providing a final compliance report which includes reductions made by CCX members from 2003 through the end of 2010. In each year of the program the verified emission reductions achieved by CCX members exceeded the compliance requirement. Detailed results are posted here and summarized below:

Percentage Basis



Metric Tons



An overview of the program, the Phase I & II Rulebook and a complete set of exchange advisories are available here.
