⁷ Amended 7 January 2015, 30 November 2017

PPPP.1 DEFINITIONS⁸

- (a) Save as otherwise specified herein, words and phrases defined in the Regulations shall have the same meanings in these Contract Rules and in the Administrative Procedures.
- (b) In these Contract Rules and the Administrative Procedures:
- “Administrative Procedures” means the administrative procedures at Rule QQQQ implemented by the Exchange for the purposes of these Contract Rules.
- “Accrual Period” means the period for which quoted rates in the relevant Overnight Index Average are included in the determination of the EDSP in respect of a Contract ~~in the Table Sections A, B and C, where the first day of the Accrual Period is the first calendar day of the Delivery Month, and the last day of the Accrual Period is the last calendar day of the Delivery Month.~~
- “Benchmark Administrator” means the organisation that is responsible for administering, governing and publishing the relevant currency’s OverNight Index Average.
- “business day” means:
- (i) with respect to Sterling denominated contracts a day on which commercial banks are open for general business in London
- (ii) with respect to Euro denominated contracts a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System is open.
- “Contract” means a contract made expressly or impliedly under these Contract Rules for the sale and purchase of one or more lots, and “registered Contract” means a Contract registered by the Clearing House.
- “delivery month” means each month specified by the Exchange as such pursuant to the Regulations.
- “EDSP” means the Exchange Delivery Settlement Price and has the meaning attributed to it in Rule PPPP.5.
- “EDSP Rate” has the meaning attributed to it in Rule PPPP.5(b).
- “EONIA” means the Euro OverNight Index Average, being a weighted average rate of interest of euro-denominated overnight unsecured lending transactions in the inter-bank market calculated on each business day by the European Central Bank.
- “EONIA rate” means a rate computed by the European Central Bank in respect of EONIA on a particular business day.:-
- “euro” and “€” denote the single currency of the European Union introduced in participating Member States pursuant to their participation in Economic and Monetary Union in the European Union.

⁸ Amended 05 November 2014, 7 January 2015, 30 November 2017

CONTRACT RULES: ICE FUTURES OVERNIGHT INDEX AVERAGE INDEXED FUTURES CONTRACTS

“First Accrual Day” means the first day in the Accrual Period for the Contracts in the Table Sections A, B and C. With respect to the Contract in Table Section C this also denotes the nomenclature for the Contract Delivery Month.

“Last Accrual Day” means the last day in the Accrual Period for the Contracts in the Table Sections A, B and C.

“Last Trading Day” means, in respect of a delivery month, the last business day in the calendar month (subject to Rule PPPP.4).

“lot” means the unit of trading in respect of a Contract.

“OverNight Index Average” means the average rate of interest of overnight unsecured lending transactions in the inter-bank market calculated on each business day by the relevant -Benchmark Administrator in the relevant currency.

“OverNight Index Average rate” means the EONIA rate or the SONIA rate, as the case may be.

“Member State” means a member of the European Union.

“Settlement Day” means:

- (i) -with respect to a Contract to which Section A in the Table applies, the first business day after the Last Trading Day.
- (ii) with respect to a Contract to which Section B in the Table applies, the second business day after the Last Trading Day.

"SONIA" means the Sterling OverNight Index Average as published by the Benchmark Administrator or its agent;

"SONIA rate" means a rate computed by the Benchmark Administrator or its agent with respect to SONIA on a particular business day.

"Sterling" and “£” means the lawful currency of the United Kingdom;

(c) [Not used]

PPPP.2 CONTRACT SPECIFICATION

(a) Each Contract shall be for one or more lots for the delivery month specified.

PPPP.3 PRICE⁹

⁹ Amended 30 November 2017, 2 May 2018

- (a) Bids and offers shall be quoted in “Basis Points” and where the minimum price movement is a half Basis Point or quarter Basis Point as specified by the Exchange in the Table, half Basis Points and quarter Basis Points.
- (b) One Basis Point shall be 0.01 and shall have a value equal to the Basis Point value as specified by the Exchange in the Table.

PPPP.4 LAST TRADING DAY¹⁰

- (a) On the Last Trading Day:
 - (i) trading in Contracts for the relevant delivery month shall cease at such time as may be specified in the Administrative Procedures.
 - (ii) the Exchange shall calculate the EDSP for such Contracts in accordance with Rule PPPP.5.
- (b) If, at any time after the close of trading two business days prior to the day which would have been the Last Trading Day in respect of a delivery month, it becomes known to the Exchange that the day which would have been the Last Trading Day will not be a business day, then the business day immediately preceding such day shall become the Last Trading Day in respect of that delivery month and the Exchange shall publish a notice posted on the Market to that effect.

PPPP.5 EXCHANGE DELIVERY SETTLEMENT PRICE (“EDSP”)¹¹

- (a) The EDSP shall be calculated by reference to a rate (the “EDSP Rate”), specified in or pursuant to this Rule PPPP.5, which shall be calculated by reference to the OverNight Index Average rate as calculated and published in respect of each business day during the Accrual Period.
- (b) Subject to Rule PPPP.5(c), the EDSP Rate shall be:
 - (i) In respect of the One Month EONIA Indexed Contract:

$$EDSP\ Rate = \left[\frac{360}{N} \left\{ \prod_{i=1}^x (A_i) - 1 \right\} \right] \times 100$$

where:

- x = the number of EONIA rates determined in the Accrual Period.
- N = the total number of calendar days in the Accrual Period; and
- A_i = the overnight return factor in respect of the ith EONIA rate of the Accrual Period, determined as

¹⁰ Amended 5 November 2014

¹¹ Amended 30 November 2017

CONTRACT RULES: ICE FUTURES OVERNIGHT INDEX AVERAGE INDEXED FUTURES CONTRACTS

$$A_i = \left(1 + \frac{E_i \times d_i}{360} \right)$$

and rounded to eight decimal places, where:

E_i = the i^{th} EONIA rate of the Accrual Period, expressed in such a way that for a rate of ~~5~~1% per annum, $E_i = 0.0501.$

d_i = the number of days that E_i is applied, such that d_i represents the number of calendar days between the day in respect of which the rate E_i is determined and the next day on which an EONIA rate is published.

(ii) In respect of the One Month SONIA Indexed Contract the EDSP Rate shall be the arithmetic average of the daily SONIA rate for the delivery month:

$$EDSP \text{ Rate} = \left[\frac{\sum_{i=1}^n S_i}{N} \right] \times 100$$

where:

S_i = the i^{th} SONIA Rate of the Accrual Period, expressed in such a way that for a rate of 1% per annum, $S_i=0.01$.

N = the total number of calendar days in the Accrual Period; and

for calendar days on which the SONIA rate is not computed (e.g., Saturdays, Sundays and bank holidays) the rate shall be the rate determined on the most recent business day for which a rate was determined.

(iii) In respect of the Three Month SONIA Indexed Contract:

$$EDSP \text{ Rate} = \left[\frac{365}{N} \left\{ \prod_{i=1}^x (A_i) - 1 \right\} \right] \times 100$$

where:

x = the number of SONIA rates determined in the Accrual Period.

N = the total number of calendar days in the Accrual Period; and

S_i = the overnight return factor in respect of the i^{th} SONIA rate of the Accrual Period, determined as

$$A_i = \left(1 + \frac{S_i \times d_i}{365} \right)$$

and rounded to eight decimal places, where:

$S_i =$ the i^{th} SONIA rate of the Accrual Period, expressed in such a way that for a rate of 1% per annum, $S_i = 0.01$.

$d_i =$ the number of days that S_i is applied, such that d_i represents the number of calendar days between the day in respect of which the rate S_i is determined and the next day on which a SONIA rate is published.

for calendar days on which the SONIA rate is not computed (e.g., Saturdays, Sundays and bank holidays) the rate shall be the rate determined on the most recent business day for which a rate was determined.

- (c) The Exchange may at its discretion resolve, prior to five business days prior to the commencement of the Accrual Period in respect of a delivery month, that the reference rate used to determine the EDSP Rate in accordance with Rule PPPP.5(b)(i), ~~PPP.5(b)(ii)~~ and PPPP.5(b)(iii) shall be a rate other than EONIA or SONIA respectively and subject always to the proviso that the EDSP rate shall be calculated with reference to over-night interest rates in the relevant currency, as the case may be, generally available in the interbank market during the Accrual Period. Any such determination by the Exchange shall be the subject of a notice posted on the Market.
- (d) The EDSP shall be a figure calculated in accordance with the formula:
- $$100.00 - R$$
- where R = the EDSP Rate, save as provided in Rule PPPP.5(e).
- (e) With respect to PPPP.5(b)(i) where the EDSP Rate is not an exact multiple of 0.001, it will be rounded to the nearest 0.001 or, where the EDSP Rate is an exact uneven multiple of 0.0005, to the nearest lower 0.001. With respect to PPPP.5(b)(ii) where the EDSP Rate is not an exact multiple of 0.0001, it will be rounded to the nearest 0.0001 or, where the EDSP Rate is greater than or equal to 0.00005, it will be rounded up to the nearest 0.0001. With respect to PPPP.5(b)(iii) where the EDSP Rate is not an exact multiple of 0.0001, it will be rounded to the nearest 0.0001 or, where the EDSP Rate is greater than or equal to 0.00005, it will be rounded up to the nearest 0.0001.
- (f) The Exchange shall publish a provisional EDSP and the final EDSP at such times as are specified in the Administrative Procedures. The final EDSP shall be final and binding for all purposes.

PPPP.6 ERRORS IN AN OVERNIGHT INDEX AVERAGE RATE¹²

- (a) If not later than thirty minutes after the provisional EDSP for a particular delivery month is first published, any member of the Exchange notifies Exchange officials of, or there otherwise comes to the attention of Exchange officials, an alleged or apparent error in a relevant OverNight Index Average rate due to any cause whatsoever, then Exchange officials shall request the relevant Benchmark Administrator to investigate such alleged or apparent error. If the relevant Benchmark Administrator corrects a relevant OverNight Index Average rate affected thereby, Exchange officials shall calculate or re-calculate (as the case may be) the EDSP Rate and the EDSP in accordance therewith. No correction shall be accepted and no re-calculation of the EDSP Rate and EDSP shall be made by Exchange officials in respect of any error notified to Exchange officials or coming to their attention after the expiry of such thirty minute period.
- (b) No correction to an OverNight Index Average rate shall be accepted and no re-calculation of the EDSP shall be made other than as may be allowed for in Rule PPPP.6(a).

¹² Amended 30 November 2017

CONTRACT RULES: ICE FUTURES OVERNIGHT INDEX AVERAGE INDEXED FUTURES CONTRACTS

- (c) Neither the Exchange nor Exchange officials shall have any liability whatsoever in respect of any decision as to whether or not to correct an OverNight Index Average rate or as to the amount of any correction, or as to whether or not to re-calculate the EDSP.

PPPP.7 PAYMENT

- (a) In respect of each lot comprised in a Contract the following payments shall be made by the time on the Settlement Day specified by the Exchange in the Administrative Procedures:
 - (i) where the EDSP exceeds the Contract price, payment by the Seller to the Clearing House or payment by the Clearing House to the Buyer, or both (as the case may require), and
 - (ii) where the Contract price exceeds the EDSP, payment by the Buyer to the Clearing House or payment by the Clearing House to the Seller, or both (as the case may require),
 of an amount calculated by multiplying the difference in Basis Points between the EDSP and the Contract price by the value per lot of one Basis Point as specified in the Table.

PPPP.8 DEFAULT IN PERFORMANCE

- (a) A Buyer or Seller other than the Clearing House shall be in default in performance where:
 - (i) he fails to fulfil in accordance with these Contract Rules, the Regulations and the Administrative Procedures and the Clearing House Rules his obligations under a Contract by the time and in the manner prescribed; or
 - (ii) he fails to pay any sum due to the Clearing House in respect of a registered Contract by the time specified in these Contract Rules or in the Administrative Procedures or under the Regulations; or
 - (iii) in the reasonable opinion of the Clearing House he is otherwise in default.
- (b) Subject to the default rules of the Clearing House, in the event of a default in performance by a Buyer or a Seller in respect of a registered Contract, the Exchange shall, at the request of the Clearing House, forthwith fix a price for invoicing back and each lot in issue shall be invoiced back at that price. Such price may at the Exchange's absolute discretion take account of any compensation that the Exchange may consider should be paid by or to the Buyer or Seller, as applicable.

PPPP.9 FORCE MAJEURE

- (a) Subject to any steps taken at any time by the Exchange under emergency powers in the Regulations and subject to the default rules of the Clearing House, a Seller or a Buyer shall be liable to perform his obligations in respect of a lot comprised in a Contract by the due time therefor, notwithstanding that he may be or is likely to be prevented from so doing by any event beyond his reasonable control including without limitation, any act of God, strike, lockout, war, armed conflict, use of force by authority of the United Nations, fire, riot or civil commotion, combination of workmen, act of terrorism, breakdown of machinery, unavailability or restriction of computer or data processing facilities or energy supplies or bank transfer systems.

PPPP.10 [NOT USED]

PPPP.11 [NOT USED]

PPPP.12 [NOT USED]

PPPP.13 [NOT USED]

PPPP.14 STATEMENT IN RELATION TO THE EDSP¹³

- (a) The Exchange draws the following statement to the attention of potential users of its One Month EONIA Indexed Contract. Members should ensure that their clients are made aware of the statement.

“Statement in relation to the EDSP

The Exchange Delivery Settlement Price (“EDSP”) of the One Month EONIA Indexed Contract is calculated on the basis of the relevant EONIA rates as described in the relevant Contract Rule. Potential users of the One Month EONIA Indexed Contract made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules of the One Month EONIA Indexed Contract. Potential users should note that, whilst the relevant EONIA rates are publicly available, the detailed calculation procedures in relation to those rates are not published.

Potential users should be aware that EONIA rates to be used in the calculation of a final EDSP will be amended only where the Benchmark Administrator indicates to the Exchange that there is an error in such EONIA rates before the Exchange publishes that final EDSP. In that event, and subject to the relevant Contract Rules of the One Month EONIA Indexed Contract, the requisite corrections to all relevant EONIA rates will be made in order to calculate such final EDSP.

The contracts have a standardised basis point value so that, for hedging purposes, a calculation will need to be made in relation to the hedge ratio to take into account any mismatch between the standardised basis point value and the actual basis point value of the position being hedged, determined by the actual number of days in the accrual period.”

- (b) The Exchange draws the following statement to the attention of potential users of its One Month SONIA Indexed Contract and Three Month SONIA Indexed Contract (collectively “SONIA Indexed Contracts”). Members should ensure that their clients are made aware of the statement.

“Statement in relation to the EDSP

The Exchange Delivery Settlement Price (“EDSP”) of the ~~One Month~~-SONIA Indexed Contracts is calculated on the basis of the relevant SONIA rates as described in the relevant Contract Rule. Potential users of the ~~One Month~~-SONIA Indexed Contracts s made available on ICE Futures Europe should familiarise themselves with the relevant Contract Rules of the ~~One Month~~-SONIA Indexed Contracts s. Potential users should note that, whilst the relevant SONIA rates are publicly available, the detailed calculation procedures in relation to those rates are not published.

Potential users should be aware that SONIA rates to be used in the calculation of a final EDSP will be amended only where the Benchmark Administrator indicates to the Exchange that there is an error in such SONIA rates before the Exchange publishes that final EDSP. In that event, and subject to the relevant Contract Rules of the ~~One Month~~-respective SONIA Indexed Contract, the requisite corrections to all relevant SONIA rates will be made in order to calculate such final EDSP.

The contracts have a standardised basis point value so that, for hedging purposes, a calculation will need to be made in relation to the hedge ratio to take into account any mismatch between the standardised basis point value and the actual basis point value of the position being hedged, determined by the actual number of days in the accrual period.”

¹³ Amended 7 January 2015, 30 November 2017

TABLE
**CONTRACT DETAILS SPECIFIED BY THE EXCHANGE FOR ICE FUTURES OVERNIGHT INDEX AVERAGE
INDEXED FUTURES CONTRACTS¹⁴**

SECTION A:

Contract	One Month EONIA
Currency specified by the Exchange	Euro €
Period specified by the Exchange	One Month
Unit of trading	€3,000,000
Delivery months	All calendar months
No. of delivery months available for trading	A maximum of twenty four consecutive months
Basis Point value¹⁵	€25.00 per lot
Minimum price movement (Value)	Front delivery month: Quarter Basis Point (€6.25) All other delivery months: Half Basis Point (€12.50)
Minimum EDSP Price Increment	0.001%
Quotation	100.00 minus rate of interest
<u>First Accrual Day</u>	<u>The first calendar day of the Delivery Month</u>
<u>Last Accrual Day</u>	<u>The last calendar day of the Delivery Month</u>
Last Trading Day	Last Business Day of the Calendar Month
Interest rate basis	Actual days/360

¹⁴ Amended 7 January 2015, 30 November 2017, 2 May 2018

¹⁵ A one Basis Point change in price has a value equal to the Basis Point value. In respect of Contracts for a one month period, this is equal to the change in gross interest on the unit of trading for 30 days resulting from a 0.01% change in the interest rate i.e. Basis Point value = $\frac{0.01}{100} \times \frac{30}{360} \times$ Unit of trading.

CONTRACT RULES: ICE FUTURES OVERNIGHT INDEX AVERAGE INDEXED FUTURES CONTRACTS

SECTION B:

Contract	One Month SONIA
Currency specified by the Exchange	Sterling £
Period specified by the Exchange	One Month
Unit of trading	£3,000,000
Delivery months	All calendar months
No. of delivery months available for trading	A maximum of twenty four consecutive months
Basis Point value¹⁶	£25.00 per lot
Minimum price movement (Value)	Front delivery month Quarter Basis Point (£6.25) All other delivery months Half Basis Point (£12.50)
Minimum EDSP Price Increment	0.0001%
Quotation	100.00 minus rate of interest
<u>First Accrual Day</u>	<u>The first calendar day of the Delivery Month</u>
<u>Last Accrual Day</u>	<u>The last calendar day of the Delivery Month</u>
Last Trading Day	Last Business Day of the Calendar Month
Interest rate basis	Actual days/365F

¹⁶ A one Basis Point change in price has a value equal to the Basis Point value. In respect of Contracts for a one month period, this is equal to the change in gross interest on the unit of trading for a calendar month resulting from a 0.01% change in the interest rate i.e. Basis Point value = $\frac{0.01}{100} \times \frac{1}{12} \times$ *Unit of Trading*.

SECTION C:

<u>Contract</u>	<u>Three Month SONIA</u>
<u>Currency specified by the Exchange</u>	<u>Sterling £</u>
<u>Period specified by the Exchange</u>	<u>Three Month</u>
<u>Unit of trading</u>	<u>£1,000,000</u>
<u>Delivery months</u>	<u>Mar, Jun, Sep, Dec</u>
<u>No. of delivery months available for trading</u>	<u>24 Quarterly</u>
<u>Basis Point value¹⁷</u>	<u>£25.00 per lot</u>
<u>Minimum price movement (Value)</u>	<u>Front delivery month Quarter Basis Point (£6.25) All other delivery months Half Basis Point (£12.50)</u>
<u>Minimum EDSP Price Increment</u>	<u>0.0001%</u>
<u>Quotation</u>	<u>100.00 minus rate of interest</u>
<u>First Accrual Day</u>	<u>Third Wednesday of the Delivery Month</u>
<u>Last Accrual Day</u>	<u>The business day prior to the Third Wednesday of the next quarterly Delivery Month</u>
<u>Last Trading Day</u>	<u>The business day prior to the third Wednesday of the next quarterly Delivery Month</u>
<u>Interest rate basis</u>	<u>Actual days/365F</u>

¹⁷ A one Basis Point change in price has a value equal to the Basis Point value. In respect of Contracts for a one month period, this is equal to the change in gross interest on the unit of trading for a calendar month resulting from a 0.01% change in the interest rate i.e. Basis Point value = $\frac{0.01}{100} \times \frac{1}{4} \times$ Unit of Trading
