

## FUTURESOURCE

# REAL-TIME STREAMING MARKET DATA, NEWS AND CHARTING ACROSS GLOBAL GRAINS AND OILSEEDS MARKETS

FutureSource brings together real-time streaming market data, analytics and Dow Jones news to help you better manage price and currency risk. It includes coverage of the commodity futures and options exchanges specializing in grains and oilseeds as well as key news and statistics from the USDA and CFTC.

Delivered as a fully-hosted, web and mobile solution with an Excel® add-in built for commodities traders and analysts, FutureSource can be a cost-effective data solution for commodity markets.

### CUSTOMIZED DESKTOP SUPPORT

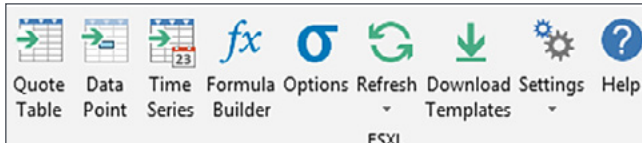

- Work with our specialist team to customize the FutureSource desktop for your specific needs
- Local relationship managers and support professionals
- Available to help with training or product queries

### COMPREHENSIVE COVERAGE

- Get price discovery with real-time, streaming market data from over 100 exchanges including Euronext Commodities, CBOT, KCBT, MGE, SAFEX and NCDX
- Contributed FX prices across the curve including spot and forwards
- Time and Sales data

## GLOBAL NEWS, STATISTICS AND WEATHER

- Stay informed with the latest global news from Dow Jones covering the political, economic and environmental stories impacting grains and oilseeds
- News and key statistics from the USDA and CFTC
- Agricultural Market Insights in FutureSource for an aggregated view of comments from tweets and websites
- Regional weather maps with multiple views (for example, heat and precipitation forecasts)

## POWERFUL CHARTING, ANALYSIS AND EXCEL ADD-IN

- Make more informed decisions with interactive charting
- Overlay contracts from this year against the same month in previous years to uncover seasonal trends
- Excel Add-In designed to deal with the complexity of the commodities markets
- Options pricing and 'what-if' analysis to assist with informed hedging decisions
