ICE DATA SERVICES™

FUTURESOURCE

REAL-TIME STREAMING MARKET DATA, NEWS AND CHARTING ACROSS GLOBAL SOFTS MARKETS

FutureSource brings together real-time streaming market data, analytics and Dow Jones news to help you better manage price and currency risk. It includes coverage of the commodity futures and options exchanges specializing in softs as well as key news and statistics from the USDA.

Delivered as a fully-hosted, web and mobile solution with an Excel® add-in built for commodities traders and analysts, FutureSource can be a cost-effective data solution for commodity markets.
