## Increase to Market Data Fees

Please note that effective Tuesday, January 2, 2012, ICE Data will increase the Market Data Fee for ICE Futures U.S., Inc. products charged under the ICE Trade or Pay Policy to \$75 per month.

WebICE Trade Enabled and FIX users who meet the minimum trading requirement of 1 lot traded in a calendar month for any ICE Futures U.S., Inc. contract will continue to access the data at no cost. In any calendar month where the minimum 1 lot has not been met the \$75 Market Data Fee will be levied.

The new \$75 monthly fee is an increase from the existing \$65 fee. Please ensure that appropriate members of staff within your organization and customers are advised of the content of this Notice.
