### Form 19b-4 Information

### 1. Text of the Proposed Rule Change

(a) ICE Clear Europe Limited ("ICE Clear Europe" or the "Clearing House") proposes to amend Part GG of its Delivery Procedures to update certain documentation, timing and other requirements relating the delivery under ICE Futures Abu Dhabi Murban Crude Oil Futures Contracts ("Murban Crude Oil Futures Contracts"). The text of the amendments is attached as Exhibit 5.

- (b) Not applicable.
- (c) Not applicable.

### 2. <u>Procedures of the Self-Regulatory Organization</u>

- (a) The proposed changes were approved by the Executive Risk Committee.
- (b) Please refer questions and comments regarding the proposed rule changes to George Milton, Head of Regulation and Compliance, ICE Clear Europe Limited, 5th Floor, Milton Gate, 60 Chiswell Street, London, EC1Y 4SA, United Kingdom, +44 20 7065 7600.
- 3. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change</u>

### (a) Purpose

ICE Clear Europe is proposing to amend Part GG of its Delivery Procedures to clarify certain delivery specifications relating to Murban Crude Oil Futures Contracts. The proposed changes are intended to reflect, and be consistent with, the relevant contract terms under ICE Futures Abu Dhabi rules (and certain amendments being made thereto). Specifically, as described in detail

<sup>&</sup>lt;sup>1</sup> Capitalized terms used but not defined herein have the meanings specified in the ICE Clear Europe Clearing Rules (the "Rules") or in the Delivery Procedures.

SR-ICEEU-2021-019 Page 4 of 33

below, the proposed amendments would be made to the following sections: (i) the delivery timetable in paragraph 3, (ii) the delivery vessel nomination table in paragraph 4, and (iii) the delivery documentation summary in paragraph 5. Other non-substantive typographical and similar corrections would also be made.

### **Delivery Timetable**

The process for Delivery Range Determinations would be amended to provide a procedure in which a Buyer may request a change to the agreed Delivery Range, subject to the approval of the Clearing House and the Terminal Operator in their discretion by a specified time in advance of the original and modified Delivery Ranges. Additionally, the changes would clarify that the Terminal Operator may agree with the Buyer to the early loading of Murban Crude Oil into the Buyer's Vessel provided that any such early loading would not take place earlier than the first Terminal Loading Day of the delivery month (in addition to the existing requirement that early loading not take place earlier than 48 hours prior to the first day of the agreed Delivery Range).

The proposed amendments would also provide that on the Document Receipt Day, if the Seller is unable to provide the Clearing House (with copy to the Buyer) by the required delivery time with certain specified documentation, it would be required to provide a Letter of Indemnity in favor of the Buyer and the Buyer would be required to make payment against the Letter of Indemnity (instead of the Letter of Indemnity being required only if the Buyer elected to make payment against it). Further detail would be added regarding the Buyer's ability to request that any such Letter of Indemnity be countersigned by the Seller's bank, including providing a deadline by which the request must be made. The request would also need to specify the reasons for such request and may not be based on frivolous or vexatious reasons. If no notification is received by the deadline, the Buyer would be deemed to have agreed to make payment to the

SR-ICEEU-2021-019 Page 5 of 33

Clearing House against the Letter of Indemnity regardless of whether it was countersigned by a bank.

Further, the proposed amendments would provide that in the event that the Buyer submits a valid request, the Seller would be required to have the Letter of Indemnity countersigned by a bank with a credit rating equal or greater than the minimum credit rating score as advised by ICE Futures Abu Dhabi, unless the Buyer agrees to an alternative bank and notifies the Clearing House by a specified deadline.

### **Delivery Vessel Nomination Table**

The delivery vessel nomination table would be updated to provide that nominations must be received on the fifth calendar day prior to the first day of the Delivery Range (instead of the sixth calendar day prior), consistent with the exchange rules.

### **Delivery Documentation Summary**

With respect to the Delivery Confirmation Form, the proposed amendments would remove as unnecessary a requirement that such form include the tender(s) against which it is given.

Conforming formatting updates would also be made.

With respect to the Delivery Range Nomination Form, the proposed amendments would add that the Buyer's unique reference would be required to be included in such form. Conforming formatting updates would also be made.

With respect to the Vessel Nomination Form, the proposed amendments would add that documentary instructions (for example, a bill of lading mark-up) would be required to be included in such form. Conforming formatting updates would also be made.

### (b) Statutory Basis

SR-ICEEU-2021-019 Page 6 of 33

ICE Clear Europe believes that the proposed amendments to Part GG of the Delivery Procedures are consistent with the requirements of Section 17A of the Act<sup>2</sup> and the regulations thereunder applicable to it. In particular, Section 17A(b)(3)(F) of the Act<sup>3</sup> requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of the clearing agency or for which it is responsible, and the protection of investors and the public interest. The proposed changes to Part GG of the Delivery Procedures are designed to clarify delivery procedures relating to Murban Crude Oil Futures Contracts and ensure consistency with relevant exchange rules (including amendments thereto). The amendments to Part GG would clarify and provide further detail with the determination of delivery ranges. indemnity requirements and certain other aspects as to the timing and documentation required for delivery. The amendments do not otherwise change the terms and conditions of Murban Crude Oil Futures Contracts, and the contracts will continue to be cleared by ICE Clear Europe in the same manner as they are currently. In ICE Clear Europe's view, the amendments are thus consistent with the prompt and accurate clearance and settlement of cleared contracts and the protection of investors and the public interest. (ICE Clear Europe would not expect the amendments to affect the safeguarding of securities and funds in ICE Clear Europe's custody or control or for which it is responsible). Accordingly, the amendments satisfy the requirements of Section 17A(b)(3)(F).<sup>4</sup>

<sup>&</sup>lt;sup>2</sup> 15 U.S.C. 78q-1. <sup>3</sup> 15 U.S.C. 78q-1(b)(3)(F). <sup>4</sup> 15 U.S.C. 78q-1(b)(3)(F).

SR-ICEEU-2021-019 Page 7 of 33

In addition, Rule 17Ad-22(e)(10)<sup>5</sup> requires that each covered clearing agency "establish and maintain transparent written standards that state its obligations with respect to the delivery of physical instruments, and establish and maintain operational practices that identify, monitor and manage the risks associated with such physical deliveries." As discussed above, the amendments would clarify certain delivery specifications for Murban Crude Oil Futures Contracts relating to the determination of delivery ranges, certain indemnity requirements, and certain other documentation and timing matters, consistent with the requirements of the exchange. The amendments would not otherwise change the manner in which the contracts are cleared or in which delivery is made, as supported by ICE Clear Europe's existing financial resources, risk management, systems and operational arrangements. The amendments thus appropriately clarify the role and responsibilities of the Clearing House and Clearing Members with respect to physical delivery. As a result, ICE Clear Europe believes the amendments are consistent with the requirements of Rule 17Ad-22(e)(10).<sup>6</sup>

### 4. Self-Regulatory Organization's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed amendments would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The amendments are being adopted to update and clarify the delivery specifications in Part GG of the Delivery Procedures in connection with Murban Crude Oil Futures Contracts, and will not otherwise affect the contract. ICE Clear Europe does not expect that the proposed changes will adversely affect access to clearing or the ability of Clearing Members, their customers or other market participants to continue to clear contracts. ICE Clear Europe also

<sup>&</sup>lt;sup>6</sup> 17 C.F.R. 240.17Ad-22(e)(10).

SR-ICEEU-2021-019 Page 8 of 33

does not believe the amendments would materially affect the cost of clearing or otherwise impact competition among Clearing Members or other market participants or limit market participants' choices for selecting clearing services. Accordingly, ICE Clear Europe does not believe the amendments would impose any burden on competition not necessary or appropriate in furtherance of the purpose of the Act.

5. Self-Regulatory Organization's statement on Comments on the Proposed Rule Change Received from Members, participants, or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any written comments received with respect to the proposed rule change.

### 6. Extension of Time Period for Commission Action

ICE Clear Europe does not consent to the extension of the time period listed in Section 19(b)(2) of the Securities Exchange Act of 1934<sup>7</sup> for Commission action.

- 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)
- (a) ICE Clear Europe is filing the proposed rule change for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and Rule 19b-4(f)(4)(ii).<sup>9</sup>
- (b) ICE Clear Europe believes that immediate effectiveness is warranted with respect to the proposed rule change because the proposed amendments effect a change in an existing service of a registered clearing agency that primarily affects the operations of the clearing agency with respect to products that are not securities, including futures that are not security futures, swaps that are not security-based swaps or mixed swaps, and forwards that are not security forwards,

<sup>&</sup>lt;sup>7</sup> 15 U.S.C. 78s(b)(2). <sup>8</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>&</sup>lt;sup>9</sup> 17 CFR 240.19b-4(f)(4)(ii).

and does not significantly affect any securities clearing operations of the clearing agency or any rights or obligations of the clearing agency with respect to securities clearing or persons using such securities clearing service, within the meaning of Rule 19b-4(f)(4)(ii). The amendments to Part GG of the Delivery Procedures relate solely to Murban Crude Oil Futures Contracts, which are not securities. The proposed changes would not affect the Clearing House's credit default swap ("CDS") clearing operations or CDS Clearing Members acting in their capacity as such. In addition, the proposed amendments would not affect ICE Clear Europe's financial resources or risk management applicable to the CDS clearing business. Accordingly, ICE Clear Europe does not believe that the proposed amendments would have a significant effect on its securities clearing activity as a registered securities clearing agency or the rights or obligations of clearing members with respect thereto.

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

## (A) <u>Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission or Advance Notice</u>

### (a) Purpose

ICE Clear Europe is proposing to amend Part GG of its Delivery Procedures to clarify certain delivery specifications relating to Murban Crude Oil Futures Contracts. The proposed changes are intended to reflect, and be consistent with, the relevant contract terms under ICE Futures Abu Dhabi rules (and certain amendments being made thereto). Specifically, as described in detail below, the proposed amendments would be made to the following sections: (i) the delivery timetable in paragraph 3, (ii) the delivery vessel nomination table in paragraph 4, and (iii) the delivery documentation summary in paragraph 5. Other non-substantive typographical and similar corrections would also be made.

### Delivery Timetable

The process for Delivery Range Determinations would be amended to provide a procedure in which a Buyer may request a change to the agreed Delivery Range, subject to the approval of the Clearing House and the Terminal Operator in their discretion by a specified time in advance of the original and modified Delivery Ranges. Additionally, the changes would clarify that the Terminal Operator may agree with the Buyer to the early loading of Murban Crude Oil into the Buyer's Vessel provided that any such early loading would not take place earlier than the first

SR-ICEEU-2021-019 Page 13 of 33

Terminal Loading Day of the delivery month (in addition to the existing requirement that early loading not take place earlier than 48 hours prior to the first day of the agreed Delivery Range).

The proposed amendments would also provide that on the Document Receipt Day, if the Seller is unable to provide the Clearing House (with copy to the Buyer) by the required delivery time with certain specified documentation, it would be required to provide a Letter of Indemnity in favor of the Buyer and the Buyer would be required to make payment against the Letter of Indemnity (instead of the Letter of Indemnity being required only if the Buyer elected to make payment against it). Further detail would be added regarding the Buyer's ability to request that any such Letter of Indemnity be countersigned by the Seller's bank, including providing a deadline by which the request must be made. The request would also need to specify the reasons for such request and may not be based on frivolous or vexatious reasons. If no notification is received by the deadline, the Buyer would be deemed to have agreed to make payment to the Clearing House against the Letter of Indemnity regardless of whether it was countersigned by a bank.

Further, the proposed amendments would provide that in the event that the Buyer submits a valid request, the Seller would be required to have the Letter of Indemnity countersigned by a bank with a credit rating equal or greater than the minimum credit rating score as advised by ICE Futures Abu Dhabi, unless the Buyer agrees to an alternative bank and notifies the Clearing House by a specified deadline.

### Delivery Vessel Nomination Table

The delivery vessel nomination table would be updated to provide that nominations must be received on the fifth calendar day prior to the first day of the Delivery Range (instead of the sixth calendar day prior), consistent with the exchange rules.

SR-ICEEU-2021-019 Page 14 of 33

### **Delivery Documentation Summary**

With respect to the Delivery Confirmation Form, the proposed amendments would remove as unnecessary a requirement that such form include the tender(s) against which it is given.

Conforming formatting updates would also be made.

With respect to the Delivery Range Nomination Form, the proposed amendments would add that the Buyer's unique reference would be required to be included in such form. Conforming formatting updates would also be made.

With respect to the Vessel Nomination Form, the proposed amendments would add that documentary instructions (for example, a bill of lading mark-up) would be required to be included in such form. Conforming formatting updates would also be made.

### (b) Statutory Basis

Section 17A(b)(3)(F) of the Act<sup>3</sup> requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of the clearing agency or for which it is responsible, and the protection of investors and the public interest. The proposed changes to Part GG of the Delivery Procedures are designed to clarify delivery procedures relating to Murban Crude Oil Futures Contracts and ensure consistency with relevant exchange rules (including amendments thereto). The amendments to Part GG would clarify and provide further detail with the determination of delivery ranges, indemnity requirements and certain other aspects as to the timing and documentation required for delivery. The amendments do not otherwise change the terms and conditions of Murban Crude Oil Futures Contracts, and the

<sup>&</sup>lt;sup>3</sup> 15 U.S.C. 78q-1(b)(3)(F).

SR-ICEEU-2021-019 Page 15 of 33

contracts will continue to be cleared by ICE Clear Europe in the same manner as they are currently. In ICE Clear Europe's view, the amendments are thus consistent with the prompt and accurate clearance and settlement of cleared contracts and the protection of investors and the public interest. (ICE Clear Europe would not expect the amendments to affect the safeguarding of securities and funds in ICE Clear Europe's custody or control or for which it is responsible). Accordingly, the amendments satisfy the requirements of Section 17A(b)(3)(F).<sup>4</sup>

In addition, Rule 17Ad-22(e)(10)<sup>5</sup> requires that each covered clearing agency "establish and maintain transparent written standards that state its obligations with respect to the delivery of physical instruments, and establish and maintain operational practices that identify, monitor and manage the risks associated with such physical deliveries." As discussed above, the amendments would clarify certain delivery specifications for Murban Crude Oil Futures Contracts relating to the determination of delivery ranges, certain indemnity requirements, and certain other documentation and timing matters, consistent with the requirements of the exchange. The amendments would not otherwise change the manner in which the contracts are cleared or in which delivery is made, as supported by ICE Clear Europe's existing financial resources, risk management, systems and operational arrangements. The amendments thus appropriately clarify the role and responsibilities of the Clearing House and Clearing Members with respect to physical delivery. As a result, ICE Clear Europe believes the amendments are consistent with the requirements of Rule 17Ad-22(e)(10).6

ICE Clear Europe does not believe the proposed amendments would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The amendments are being adopted to update and clarify the delivery specifications in Part GG of the Delivery Procedures in connection with Murban Crude Oil Futures Contracts, and will not otherwise affect the contract. ICE Clear Europe does not expect that the proposed changes will adversely affect access to clearing or the ability of Clearing Members, their customers or other market participants to continue to clear contracts. ICE Clear Europe also does not believe the amendments would materially affect the cost of clearing or otherwise impact competition among Clearing Members or other market participants or limit market participants' choices for selecting clearing services. Accordingly, ICE Clear Europe does not believe the amendments would impose any burden on competition not necessary or appropriate in furtherance of the purpose of the Act.

# (C) <u>Clearing Agency's Statement on Comments on the Proposed Rule Change Received from</u> Members, Participants or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any comments received with respect to the proposed rule change.

# III. <u>Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission and Advance Notice and Timing for Commission Action</u>

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>7</sup> and paragraph (f) of Rule 19b-4<sup>8</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if

### PART GG: ICE FUTURES ABU DHABI MURBAN CRUDE OIL FUTURES ("ICE MURBAN CRUDE OIL FUTURES CONTRACT")

#### 1. APPLICABILITY AND DEFINITIONS

- 1.1 This Part GG applies to all ICE Futures Abu Dhabi Murban Crude Oil Futures Contracts which go to physical delivery on the expiry date. Such contracts are referred to in this Part as "ICE Murban Crude Oil Futures Contract" or the "Contract").
- 1.2 The following definitions apply to this part of the Delivery Procedures:
  - (a) "ADNOC" means the Abu Dhabi National Oil Company, a company organised and existing under the laws of Abu Dhabi, UAE and whose principal postal address is P.O. Box 898, Abu Dhabi, UAE;
  - (b) "ADNOC General Terms and Conditions" or "ADNOC GTCs" shall have the meaning given to such term in the Contract;
  - (c) "ADP" means an alternative delivery procedure as may be agreed between the Buyer and the Seller, as further detailed in Section 11 of the Delivery Procedures;
  - (d) "Clearing Day" means, for the purposes of these Delivery Procedures, a day on which the Clearing House is open for business, or such other day as may be determined by the Clearing House;
  - (e) "Delivery Confirmation Form" means the form specified in Section 5 of these Delivery Procedures;
  - (f) "Delivery Day" means a day, specified by the Buyer in accordance with ICE Murban Crude Oil Futures Contract, within the Delivery Range (unless otherwise a greed by the Terminal Operator and Buyer in accordance with the procedure specified below) during which loading of Murban Crude Oil under the Contract is expected to commence:
  - (g) "Delivery Period" means the time frame within which delivery is to be scheduled to take place, commencing on the first Terminal Loading Day of the delivery month and ending no later than the third Terminal Loading Day prior to the end of the said delivery month;
  - (h) "Delivery Range" means the three (3) consecutive day period (falling within the Delivery Period) proposed by the Buyer and confirmed by the Terminal Operator to the Seller, starting at 08:00 UPT on the first Terminal Loading Day and ending at 07:59 UPT on the fourth Terminal Loading Day, during which loading of the Murban Crude Oil into the Buyer's Vessel at the Terminal is scheduled to commence. Notwithstanding, the Terminal Operator may shorten the Delivery Range from three consecutive Terminal Loading Days to two consecutive Terminal Loading Days, in which case any such shortened Delivery Range will be notified by the Terminal Operator to the parties and the Clearing House;
  - (i) "Delivery Range Nomination Form" means the form specified in Section 5 of these Delivery Procedures;
  - (j) "Document Receipt Day" means the day on which documents are received by the Clearing House, being on or before the tenth (10<sup>th</sup>) Clearing Day after completion of loading;
  - (k) "ECS" means ICE Clear Europe's Extensible Clearing System;
  - (l) "ICE Murban Crude Oil Futures Contract Rules" means the Contract Terms and Contract Procedures as set out in the Rules of ICE Futures Abu Dhabi;

- (m) "Last Trading Day" means the day on which trading shall cease in respect of a particular Contract, being the last Trading Day of the second month preceding the Delivery Period for such expiring Contract. If the day on which trading is due to cease is the Trading Day preceding New Year's Day, then trading shall cease on the next preceding Trading Day;
- (n) "Letter of Indemnity" means a letter of indemnity issued by the Seller in favour of the Buyer in the form set out in the Appendix to the ICE Murban Crude Oil Futures Contract Rules (or such other form as ICE Futures Abu Dhabi may from time to time permit), countersigned by the Seller's bank if so requested by the Buyer, provided that where the Seller is the Clearing House, the letter of indemnity shall be issued by the Seller whose tender has been a llocated by the Clearing House to the Buyer for the purposes of delivery, and where the Seller is not the Clearing House, the letter of indemnity shall be issued in favour of the Buyer to whom the Clearing House has a llocated such Seller's tender for the purposes of delivery;
- (o) "London Prevailing Time" or "LPT" means the prevailing time in London, United Kingdom;
- (p) "MFT" means ICE Clear Europe's Managed File Transfer Service for reporting and data file downloads:
- (q) "MPFE" means Futures Expiry Report;
- (r) "Murban" means Murban Crude Oil as defined and meeting the specifications set out in the ICE Murban Crude Oil Futures Contract Rules in the ICE Futures Abu Dhabi Rules;
- (s) "Singapore Prevailing Time" or "SPT" means the prevailing time in Singapore;
- (t) "**Terminal**" means any delivery facility managed by the Terminal Operator at which Murban is delivered, located in Fuja irah, UAE;
- (u) "Terminal Loading Day" means, for the purposes of any Delivery Range, a period of time of twenty-four (24) consecutive hours beginning at 08:00 UPT on any day of a nominated Delivery Range, and, for all other references, shall mean a calendar day in UAE;
- (v) "Terminal Operator" means Abu Dhabi Company for Onshore Petroleum Operations Ltd, or whichever company performs and/or regulates the operations and procedures for the shipment and export of Murban, including any loading programme, that is to be shipped and delivered under this Contract at the Terminal;
- (w) "Trading Day" means a day on which the Market is open to trade as determined by ICE Futures
  Abu Dhabi from time to time;
- (x) "UAE Prevailing Time" or "UPT" means the prevailing time in the United Arab Emirates;
- (y) "Vessel" means any ship or vessel designed, constructed, equipped and maintained to safely load and carry crude oil; and
- (z) "Vessel Nomination Form" means the form specified in Section 5 of these Delivery Procedures.
- 1.3 In sections where more than one time zone is referenced, (e.g. both London Prevailing Time and Singapore Prevailing Time, or UAE Prevailing Time), this is for convenience only. In the event of a conflict between such times specified, the first time zone specified shall take precedence.

### 2. **DELIVERY SPECIFICATION**

2.1 Scope

The ICE Murban Crude Oil Futures Contract shall be for the sale and delivery of Murban meeting the relevant contract specification set out in ICE Futures Abu Dhabi Rules and in accordance with, or as otherwise allowed under, the Contract Terms and Contract Procedures in those rules, by the Seller to the Buyer, at the Terminal. Delivery shall be scheduled to take place on one or more consecutive Terminal Loading Days within the Delivery Range. Such Delivery Range must fall within the Delivery Period.

### 2.2 **Delivery Mode**

- 2.2.1 Delivery shall be made by the Seller on a free-on-board ("FOB") Fujairah basis at the Terminal onto the Buyer's Vessel, as a full or part cargo, during the Delivery Period, within a delivery loading volume tolerance of plus or minus zero point two percent (0.2%).
- 2.2.2 There is no specified minimum quantity of Murban Crude Oil to be delivered for the purposes of the ICE Murban Crude Oil Futures Contract. However, parties should be aware that in relation to each Vessel the Terminal Operator imposes a minimum loading requirement (which may be a mended from time to time) of two hundred thousand (200,000) Barrels (i.e. 200 lots) for deliveries at the Terminal of Murban Crude Oil resulting from the ICE Murban Crude Oil Futures Contract ("Terminal Minimum Loading Requirement").

For the purposes of complying with the Terminal Minimum Loading Requirement, a Buyer may co-load on the Vessel:

- (a) one or more Exchange traded lots of Murban Crude Oil delivered in accordance with one or more ICE Murban Crude Oil Futures Contract(s); with
- (b) one or more parcel(s) of Murban Crude Oil in one or more over the counter / non-Exchange transaction(s) ("OTC") for FOB loading at Fujairah;

provided that:

- (i) loading of all co-loaded lots and parcels on the Vessel is completed within the same delivery month as the month in which the Delivery Range of the relevant Murban Contract(s) falls; and
- (ii) as between Seller and Buyer, the Murban Crude Oil to be delivered to the Buyer in accordance with Murban Contract(s) shall be deemed delivered in full before the commencement of loading of any OTC Murban Crude Oil referred to in (a).

In the event the total number of lots of Murban Crude Oil going to physical delivery under an ICEMurban Crude Oil Futures Contract in a particular delivery month does not meet the Terminal Minimum Loading Requirement, each Buyer taking delivery will be required to confirm in writing to the Clearing House by 13.30 LPT on the first Clearing Day following the Last Trading Day that it can meet such Terminal Minimum Loading Requirement by co-loading Exchange traded lots and OTC parcels of Murban Crude Oil for FOB loading at Fujairah.

- 2.2.3 If the Terminal Minimum Loading Requirement cannot be met as set out above and in the ICE Murban Crude Oil Futures Contract, the parties may use the ADP mechanism to settle the Contract. The Clearing House reserves the right to treat such failure to meet the Terminal Minimum Loading Requirement as an Event of Default on the part of the party concerned in accordance with Part 9 of the Clearing House Rules.
- 2.2.4 As between Sellers under different Murban Contract(s), Murban Crude Oil shall be deemed delivered pro rata in respect of each lot until all lots have been deemed delivered, unless otherwise a greed between the Sellers and the Buyer.

### 2.3 Quantity and Quality

The quality and quantity of delivered Murban shall be determined in accordance with the ICE Murban Crude Oil Futures Contract.

### 2.4 Delivery Basis and Property

Murban under the ICE Murban Crude Oil Futures Contract shall be delivered free from any liens and claims, charges and encumbrances of whatsoever kind (including but not limited to unpaid taxes, fees or other charges), and shall conform to the specifications and other requirements set out in the ICE Futures Abu Dhabi Rules.

Property in Murban delivered pursuant to the ICE Murban Curde Oil Futures Contract will pass from the Seller to the Buyer at the point specified in the ICE Murban Crude Oil Futures Contract Rules.

### 2.5 Price

The price at which the ICE Murban Crude Oil Futures Contract is delivered is the Exchange Delivery Settlement Price (as defined in the ICE Murban Crude Oil Futures Contract Rules) published on the Last Trading Day for the contract month.

### 2.6 Cessation of trading

Contracts shall cease trading on the Last Trading Day, in accordance with the ICE Murban Crude Oil Futures Contract.

### 2.7 Exchange for Physical (EFP)

In accordance with the ICE Murban Crude Oil Futures Contract, EFPs executed on the Last Trading Day for the expiring Contract month may be reported at any time after the cessation of trading up until 19:30 SPT on the Last Trading Day.

### 6. **INVOICE**

In all the examples set out in this section, the EDSP is \$60 per barrel.

#### **Invoice Calculation**

ICE Murban Crude Oil Futures are traded and delivered in volume, 1,000 barrels per lot.

The amount due to the Seller and payable by the Buyer in respect of deliveries of Murban Crude Oil is calculated as follows:

Contract Volume x Exchange Delivery Settlement Price ("EDSP") x Contract Size (Barrels)

10 lots x 60.00 x 1,000 = USD 600,000.00

### **Delivery Loading Volume Tolerance**

A delivery loading volume tolerance of plus or minus 0.2% of the contract volume in barrels permitted. Notwithstanding, the delivery loading tolerance permitted under the Contract, the Clearing House will invoice the parties on a full lot basis.

One invoice is produced per nominated Vessel. A final invoice, per tender, is produced to reflect the adjustment for actual delivered volume. The final invoice is produced once all individual Vessel invoices have been generated.

Based on a 1000 lot delivery:

Maximum tolerance =  $1,000 \times 1,000$  barrels plus 0.2% = 1,002,000 barrels Minimum tolerance =  $1,000 \times 1,000$  barrels minus 0.2% = 998,000 barrels

### **Adjustments for Actual Delivered Volumes**

- (a) Delivery must be for whole lots. If the total amount of Murban Crude Oil delivered falls below the number of lots tendered (taking into account the delivery tolerance), the delivery will be deemed to be for the nearest full lot below number of lots actually delivered. Clearing Members may agree to an ADP for the under-delivered number of lots.
- (b) If the total a mount of Murban Crude Oil subject to a delivery obligation falls below the number of lots tendered and there has been no notice of agreed ADP submitted by the parties to the Clearing House, the Clearing House may treat such shortfall in delivery as an Event of Default on the part of the party concerned in a coordance with Part 9 of the Clearing House Rules.
- (c) If the actual amount delivered is above the tendered lots (taking into account the delivery tolerance) the surplus will be ignored by the Clearing House for invoice purposes. Any payment for the excess must be settled between the Buyer and Seller without the involvement of the Clearing House.

### **Examples of Invoice Calculations**

Basics:

1 lot = 1,000 barrels

EDSP is quoted per barrel, so price of a lot is EDSP x 1,000 barrels

One invoice is produced per vessel. A final invoice is produced to reflect the adjustment for actual delivered volume.

All invoice examples below show a tender for 1,000 lots in 3 nominated vessel loadings of 500, 300 and 200 lots respectively.

Tolerance permitted on 1,000 lots =1,000,000 barrels  $\times$  0.2% = 2,000 barrels

Upper Tolerance=1,002,000 barrels

Lower Tolerance = 998,000 barrels

Final Invoice is generated when the last vessel in the tender is invoiced.

(a) Invoice Calculation - Where Delivered Volume is within the Tolerance for the anticipated number of lots.

Invoices reflecting individual Loadings					
1st Vesselloads	500,500 barrels
