WEBICE: ENTERING, AMENDING AND WITHDRAWING BIDS

During the bidding window, auction participants can enter, withdraw and amend bids as many times as they like until the bidding window closes. This can be done by following the steps below:

1. DURING THE AUCTION BIDDING WINDOW (PRE-OPEN), BIDDERS MUST ENTER THE QUANTITY AND PRICE PER EUA OR EUAA, AS THE CASE MAY BE.

Bidders will only be able to see their own bids, though they will be able to view the futures market price alongside their bids in the auctions.
